1. PROJECT DESCRIPTION

This project is wholly or partially funded with United States Environmental Protection Agency funds, and therefore must comply with all federal cross cutter requirements. Neither the United States nor its departments, agencies or employees is or will be party to Request for Proposals or any resulting contract.

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin. Bidders on this work will be required to comply with the President's Executive Order No. 11246, as amended.

To ensure that Disadvantaged Business Enterprises (DBEs) have the opportunity to compete for procurements funded by EPA financial assistance, all Offerors shall make the six good faith efforts as outlined by EPA at http://www.epa.gov/osbp/dbe_efforts.htm. The Offeror must make a good faith effort to solicit and hire Disadvantaged Business to meet the goals outlined in EPA XP-215. A good faith effort requires that the Offeror: 1) Complete the affirmative steps outlined in XP-215, 2) Submit XP-215 with the proposal, 3) Submit with the proposal proof that affirmative steps have been taken and this should include copies of advertisements and letters of solicitation. A Proposal that omits XP-215 or does not support that a good faith effort was made will be considered non-responsive and the Proposal rejected.

The highest ranked Offeror will be required to complete the following forms: XP-211, XP-215, EPA Form 5700-49, Form 6100-4 and if necessary Form 6100-3. These forms will be provided upon request.

Sandoval County is requesting proposals to provide professional engineering services to provide planning, design, bidding, construction management and operational phase services for the Village of Cuba's Phase 2 Solids Handling and Effluent Reuse project. The Phase 1 project included the construction of an extended aeration treatment plant. Biosolids from the treatment plant are temporarily discharged into one of the Village's abandoned lagoon. A long term processing and disposal plan for the biosolids produced by the new treatment plant is necessary.

Phase 2 of this project will include the design of the proposed recommended alternative as outlined in the "Village of Cuba Solids Handling and Effluent Reuse Preliminary Engineering Report September 2014". The Village needs a long term biosolids management plan for processing and disposal of the biosolids produced by the new treatment plant. Additionally, the Village's NPDES permit (NM0024848) allows discharge to the Rio Puerco from November 1st through March 30th of each year and prohibits discharges to the Rio Puerco from April 1st through October 31st. These special discharge requirements require the Village of Cuba to develop an alternate discharge plan during the months that their NPDES Permit prohibits discharge to the Rio Puerco. Land application of the effluent during these months is proposed and modification to the existing ground water discharge permit from the New Mexico Environment Ground Water Quality Bureau will be required.

Funding for the project is from a Clean Water State Revolving Loan Fund (CWSRF) and a capital outlay special appropriation project (SAP) grants. Sandoval County will be acting as fiscal agent and Village of Cuba will own and operate the wastewater treatment facility and effluent reuse system. Insert project description & project location

In making this decision, the designee shall take into account the estimated value of the services to be rendered and the scope, complexity and professional nature of the services.
- B. Should the designee be unable to negotiate a satisfactory contract with the business considered to be the most qualified at a price determined to be fair and reasonable, negotiations with that business shall be formally terminated. The designee shall then undertake negotiations with the second most qualified business. Failing accord with the second most qualified business, the designee shall formally terminate negotiations with that business.
- C. The designee shall then undertake negotiations with the third most qualified business.
- D. Should the designee be unable to negotiate a contract with any of the businesses selected by the committee, additional businesses shall be ranked in order of their qualifications and the designee shall continue negotiations in accordance with

this section until a contract is signed with a qualified business or the procurement process is terminated and a new request for proposals is initiated.

- B. In the event of a timely protest under this section, the Purchasing Agent and the Contracting Agency shall not proceed further with the procurement unless the Purchasing Agent makes a determination that the award of Agreement is necessary to protect substantial interests of the Contracting Agency (§ 13-1-173 NMSA 1978).
- C. The Purchasing Agent or the Purchasing Agent's designee shall have the authority to take any action reasonably necessary to resolve a protest of an aggrieved Offeror concerning procurement. This authority shall be exercised in accordance with adopted regulations, but shall not include the authority to award money damages or attorneys' fees (§ 13-1-174 NMSA 1978).

5.3. NOTICE TO PROCEED

6. OTHER INSTRUCTIONS TO OFFERORS

Resident Business Preference or Resident Veteran Business Preference:

Points will be awarded based on Offeror's ability to provide a copy of a current Resident Business certificate or Resident Veteran Business certificate.

6.1 Resident Business Preference

For the Offeror to receive a Resident Business Preference, the business shall submit, with this proposal, a copy of a valid Resident Business certificate issued by the New Mexico Taxation & Revenue Department. The application for preference may be downloaded at the following website:

<http://www.tax.newmexico.gov/forms-and-publications/pages/recently-updated.aspx>.

Five (5) percent (%) of the total possible points may be awarded to an Offeror who qualifies as a Resident Business. These points are added to the total points received for the Evaluation Criteria (page 11).

6.2 Resident Veteran Business Preference

For the Offeror to receive a Resident Veteran Business Preference, the business shall complete, sign, and include with the

proposal the attached certification form, along with a copy of a valid Resident Veteran Business Preference certificate issued by the New Mexico Taxation & Revenue Department. The application for preference may be downloaded at the following website:

<http://www.tax.newmexico.gov/forms-and-publications/pages/recently-updated.aspx>.

Offerors seeking a Resident Veteran Business Preference will be evaluated as follows:

- A. Resident Veteran Businesses with annual revenues of \$1M or less are to receive a 10% preference on their proposals.
- B. Resident Veteran Businesses with annual revenues of more than \$1M but less than \$5M are to receive an 8% preference on their proposals.
- C. Resident Veteran Businesses with annual revenues of more than \$5M are to receive a 7% preference on their proposals.

The 7%, 8%, or 10%, as indicated above, will be to the total points received for the Evaluation Criteria (page 11).

The Resident Veteran Business Preference is separate from the Resident Business Preference and is not cumulative with that preference. However, Resident Veteran Businesses can still receive the Resident Business Preference once the Resident Veteran Business Preference cap is exceeded.

Example: An RFP has a total value of 1,000 points. Five proposals are received: one from a Resident Business, one from a Resident Veteran Business with an 8% preference, and three non-resident businesses. The Resident Business would receive 50 points and the Resident Veteran Business would receive 80 points which would be added to their already evaluated scores, thereby making it possible for the highest score to be 1,080.

Note: Neither the Resident Business Preference nor the Resident Veteran Business Preference can be awarded for any project/contract if it includes federal funds.

CAMPAIGN CONTRIBUTION DISCLOSURE FORM

Pursuant to the Procurement Code, Sections 13-1-28, et seq., NMSA 1978 and NMSA 1978, § 13-1-191.1 (2006), as amended by Laws of 2007, Chapter 234, any prospective contractor seeking to enter into a contract with any state agency or local public body **for professional services, a design and build project delivery system, or the design and installation of measures the primary purpose of which is to conserve natural resources** must file this form with that state agency or local public body. This form must be filed even if the contract qualifies as a small purchase or a sole source contract. The prospective contractor must disclose whether they, a family member or a representative of the prospective contractor has made a campaign contribution to an applicable public official of the state or a local public body during the two years prior to the date on which the contractor submits a proposal or, in the case of a sole source or small purchase contract, the two years prior to the date the contractor signs the contract, if the aggregate total of contributions given by the prospective contractor, a family member or a representative of the prospective contractor to the public official exceeds two hundred and fifty dollars (\$250) over the two year period.

Furthermore, the state agency or local public body may cancel a solicitation or proposed award for a proposed contract pursuant to Section 13-1-181 NMSA 1978 or a contract that is executed may be ratified or terminated pursuant to Section 13-1-182 NMSA 1978 of the Procurement Code if: 1) a prospective contractor, a family member of the prospective contractor, or a representative of the prospective contractor gives a campaign contribution or other thing of value to an applicable public official or the applicable public official's employees during the pendency of the procurement process or 2) a prospective contractor fails to submit a fully completed disclosure statement pursuant to the law.

The state agency or local public body that procures the services or items of tangible personal property shall indicate on the form the name or names of every applicable public official, if any, for which disclosure is required by a prospective contractor.

THIS FORM MUST BE INCLUDED IN THE REQUEST FOR PROPOSALS AND MUST BE FILED BY ANY PROSPECTIVE CONTRACTOR WHETHER OR NOT THEY, THEIR FAMILY MEMBER, OR THEIR REPRESENTATIVE HAS MADE ANY CONTRIBUTIONS SUBJECT TO DISCLOSURE.

The following definitions apply:

"Applicable public official" means a person elected to an office or a person appointed to complete a term of an elected office, who has the authority to award or influence the award of the contract for which the prospective contractor is submitting a competitive sealed proposal or who has the authority to negotiate a sole source or small purchase contract that may be awarded without submission of a sealed competitive proposal.

"Campaign Contribution" means a gift, subscription, loan, advance or deposit of money or other thing of value, including the estimated value of an in-kind contribution, that is made to or received by an applicable public official or any person authorized to raise, collect or expend contributions on that official's behalf for the purpose of electing the official to statewide or local office. "Campaign Contribution" includes the payment of a debt incurred in an election campaign, but does not include the value of services provided without compensation or unreimbursed travel or other personal expenses of individuals who volunteer a portion or all of their time on behalf of a candidate or political committee, nor does it include the administrative or solicitation expenses of a political committee that are paid by an organization that sponsors the committee.

"Family member" means spouse, father, mother, child, father-in-law, mother-in-law, daughter-in-law or son-in-law of (a) a prospective contractor, if the prospective contractor is a natural person; or (b) an owner of a prospective contractor.

"Pendency of the procurement process" means the time period commencing with the public notice of the request for proposals and ending with the award of the contract or the cancellation of the request for proposals.

"Prospective contractor" means a person or business that is subject to the competitive sealed proposal process set forth in the Procurement Code or is not required to submit a competitive sealed proposal because that person or business qualifies for a sole source or a small purchase contract.

"Representative of a prospective contractor" means an officer or director of a corporation, a member or manager of a limited liability corporation, a partner of a partnership or a trustee of a trust of the prospective contractor.

Scope:

Sandoval County is requesting proposals to provide professional engineering services to provide planning, design, bidding, construction management and operational phase services for the Village of Cuba's Phase 2 Solids Handling and Effluent Reuse project. The Phase 1 project included the construction of an extended aeration treatment plant. Biosolids from the treatment plant are temporarily discharged into one of the Village's abandoned lagoons. A long term processing and disposal plan for the biosolids produced by the new treatment plant is necessary.

Phase 2 of this project will include the design of the proposed recommended alternative as outlined in the "Village of Cuba Solids Handling and Effluent Reuse Preliminary Engineering Report September 2014". The Village needs a long term biosolids management plan for processing and disposal of the biosolids produced by the new treatment plant. Additionally, the Village's NPDES permit (NM0024848) allows discharge to the Rio Puerco from November 1st through March 30th of each year and prohibits discharges to the Rio Puerco from April 1st through October 31st. These special discharge requirements require the Village of Cuba to develop an alternate discharge plan during the months that their NPDES Permit prohibits discharge to the Rio Puerco. Land application of the effluent during these months is proposed and modification to the existing ground water discharge permit from the New Mexico Environment Ground Water Quality Bureau will be required.

Funding for the project is from a Clean Water State Revolving Loan Fund (CWSRF) and a capital outlay special appropriation project (SAP) grants. Sandoval County will be acting as fiscal agent and Village of Cuba will own and operate the wastewater treatment facility and effluent reuse system.
