Subject: Comments on the Proposed Sandoval County Oil and Gas Ordinance

Dear Commissioners:

I strongly urge you **not** to pass the so-called Stoddard oil and gas ordinance into law. This proposed ordinance is weak and ineffective. As stewards of Sandoval County natural resources, it is your duty to protect and defend them against exploitation by companies whose only motive is profit. In this respect, the proposed Stoddard ordinance is truly a lame effort, and an embarrassment to the citizens of our county.

Sincerely,

Robert A. Basye
