

Addendum # 1
Vector Control Services
RFP# FY18-SCPW-04

1. I understand that there will be one Technical proposal turned in without any pricing, then a second Cost sheet showing cost. Is that correct?

Your Technical Proposals will be in a separated seal envelope or box with 1 original and 3 copies for a total of 4 and your Cost Proposal will also be in a separate sealed envelope with 1 original and 3 copies for a total of 4. So you will have two separate sealed items in a box. Usually I received the Technical Proposal in notebooks and they are put in a box with the Cost Proposal in a separate sealed manila envelope and they are put in the box with the Technical Proposals.
