Addendum # 1
Placitas Community Library Expansion Architectural Services
RFP# FY19-SCPW-01

1. The RFP talks about 2 parts. 1. A technical proposal and 2. Cost proposal as deliverables. I don't find information on the cost proposal, just on the technical proposal.
Offerors should deliver:
1. Technical Proposals – One (1) ORIGINAL and five (5) HARD COPIES. (6 TOTAL)
2. Cost Proposals – One (1) ORIGINAL and five (5) HARD COPIES. (6 TOTAL)

We need additional information on what the cost Proposal encompasses, format, etc. And how it plays into the evaluation. Neither the Evaluation Points Summary nor the Evaluation Factors make mention of the Cost Proposal.

The cost proposal is just for reference purposes only, it is not part of the evaluation of the respondent's proposal. The Cost Proposal should be separate from the Technical Proposal but it all needs to be submitted in one sealed response.
