

Addendum # 2
Landfill Litter Control Fencing
ITB# FY20-SCPW-04

1. Is a bid bond required for this bid?

No, it is not.

2. Is there an expected start and completion date for the installation?

That will be dependent on when the contract is drawn up, signed and approved the by the commission. Possibly in June or July.

3. The scope of work says there is removal of airfield fences. Is this an error? If not, can you please provide clarification of what fence needs to be removed? Please provide the contract services call order. (Section 9. Scope of Work)

This was addressed in Addendum # 1.

4. The scope of work states that multiple units should be arranged on the landfill using the following equipment. Does this imply that the bid is for portable litter control or is it for a stationary fence. If portable can you please provide the equipment? (Section 9. Scope of Work)

This was addressed in Addendum # 1.

5. Is the fencing material black polyester or galvanized steel coated vinyl as both are listed? (Section 9. Scope of Work)

This was addressed in Addendum # 1.
