

2020 Census Listening Session

The U.S. Census Bureau is hosting a listening session with federally- and state-recognized tribes and AIAN organizations across the country from 3 – 4:30 pm EST on Friday, May 15.

The Bureau will provide an update on 2020 Decennial Operations, the 2020 Disclosure Avoidance System (DAS) and the geographic hierarchy of DAS. The DAS is a new, advanced and more powerful confidentiality protection system than previously used that employs a rigorous mathematical process to protect respondents' information and identity.
