Comments:

To the Planning & Zoning Commissioners:

My husband and I are absolutely opposed to changing the zoning in the multi-family use matter (ZNCH-20-001). This is a thinly-veiled attempt to shove high priced apartments down the throat of our Placitas community. We are expected to pay for the whims of Sandoval County and suffer the consequences of higher property taxes to do so. Placitas has scarce water supply to begin with, but our needs and our attempts to protect our own community and way of life are summarily dismissed time after time or delayed in long, drawn-out court cases (wild horse management, gravel pits etc). Low cost apartments for seniors? What a joke. Stop this now! It is time that this county and the commissions that represent it start accommodating Placitas for a change.

Lorin and J. Kovette Dreier
