My wife and I strongly oppose the proposed zone change request ZNCH-20-001. There are many reasons that people choose to live in Placitas, but living near "high density housing" is not among them. This proposed zone change does not comply with the Placitas Area Plan which exists to protect Placitas from this type of housing development. The proposal directly conflicts with the same reasons people have worked hard all their lives to be able to live in a unique place like Placitas in the first place. And if a zoning change like this is approved, a precedent will be set that will enable others like it to follow.
