## Comments:

Regarding the proposal for multi-family dwellings on Highway 165 and Tierra Madre, (ZNCH-20-001) we are opposed for these reasons:

1. Population density would increase
2. Traffic would likely increase
3. The one-acre minimums should be maintained.

We also agree 100% with the comments offered by George Franzen of ESCA.

Respectfully submitted,

Ross & Patricia Bender
