**Comments:**

I believe that supporting RR small business is a step in restoring the economic hardships small businesses are encountering. I believe they are responsible owners and should be granted the same privileges our larger corporate stores have available to them. Small businesses encourage entrepreneurs to come to Rio Rancho and is seen as a sign of support by the city and its residents. This promotes growth and new opportunities in our area for diversity in types of businesses.

I advise you to see NM not just as a whole but rather area by area and support the cities who have demonstrated their responsibility during COVID-19 which is evident in our flattening of the curve in numbers for our area.

Thank you
