**Comments:**

Please vote against or, at a minimum, table the vote on the proposed agreement between Bernalillo County and Sandoval County to provide Fire and EMS coverage to the East Mountains communities of Sandoval County. While this has been in discussion between the Fire Chiefs from the 2 counties since February of this year, the community and the La Madera Volunteer Fire Department that this agreement will dissolve were only notified on Thursday, 5/14/2020. The issues around fire support for the community as well as the disposition of the people, equipment and real estate need to be addressed with the community PRIOR to making the vote. Thank you
