Comments:

We have been well-served by our excellent volunteer fire department. I worked with them for about a year and found their motivation to serve and their pursuit of excellence awe-inspiring. It would be an extreme disservice to La Madera, San Pedro Creek Estates, and San Pedro Overlook to no longer have the services of the LMVFD available. I am a retired RN and had plans to return to serve with the LMVFD on the rescue truck.

The way this proposed deal with BCFD was communicated to the LMVFD by Eric Masterson was underhanded and disrespectful. He offers to meet with the community on Friday after the Thursday meeting to decide whether to approve the proposal and I'm sure is only doing that because of the blowback he's received. If he had respect for the LMVFD he would have met with everyone before this proposal was announced.
