**Comments:**

I am, at least at this time, opposed to the resolution that effectively disbands the La Madera Volunteer Fire Department (LMVFD). I feel like we have been well served by the LMVFD, and this action comes without warning or any explanation of why it is being undertaken. Being separated, as we are, from the bulk of Sandoval County, we tend to feel neglected by the county government that is funded by our tax dollars. This latest move only serves to exacerbate that feeling.
