Comments:

Hello,

My name is Susan Wilson and I live in San Pedro Creek Estates at 9 Vista de Sandia. I have lived there since July 1996. Twenty four years this July.

I am very disturbed by the fact and the manner in which the proposal to shut down our volunteer Fire Station has been forced on our community. I urge you and your colleagues to publicly explain not only the decision, but also some of the misinformation put forth by Chief Masterson regarding a) fanciful ISO ratings prediction for us; b) the assertion that we will experience faster response times with the new arrangement; and c) the misrepresentation of the skill levels of our LMVFD personnel as compared to "professional firefighters", to name a few. This is a completely outrageous situation which is illogical at best and suggests an ulterior motive at worst.

Susan
