Dear Commissioners Block, Bruch, Eichwald, Heil, and Meek:

Please maintain or increase funding to the NMSU Sandoval County Cooperative Extension Service. The services provided by the Sandoval County Extension, especially 4-H, benefit numerous rural communities including Jemez Pueblo. The 4-H parents do our part to support the Sandoval County Extension projects and people including volunteering and fund-raising. Our children learn valuable skills and leadership qualities that strengthen our towns, villages, and communities now and in the future.

Any decrease in funding of the Sandoval County Extension will directly and negatively impact our children, clubs, and communities. Cutting funding by almost a third will be devastating.

Sincerely,
A. Tang
