Comments:

ZNCH-20-001...I previously submitted reasons why I am strongly against the proposed townhome development West of the Merc shopping center....increased congestion, increased water usage, environmental strain,etc. At previous planning and zoning meetings this plan was being sold as a modest and small community. Now we see that the plans call for a much larger and obtrusive development with possible building East of the shopping center as well. Please vote NO to this proposal! Thank you! Lorraine Gullett
