Comments:

Regarding Item: ZNCH-20-001

The proposed development of Town Houses in nearby proximity to Homestead Plaza, 221 E Hwy 165, Placitas NM (Corporation Homestead Village, Inc.) is in direct conflict to the rural setting and accompanying lifestyle of our Placitas community. The quiet serenity and lack of population density is central to our lives and well-being. The grandeur of views and space separation is what makes Placitas "Placitas." Further more, the close concentration of households concomitant with Town House neighborhoods endangers the limited water resources of Placitas, dependent on wells and rain. Thus, putting our living here at direct risk. We vote NO and HELL NO!
