Comments:

To Whom it may concern: I don't know if this is the correct area to voice my opinion but here it is: I am making a suggestion regarding the 4th of July. This past 4th, there were fireworks blasted past midnight. Big booms, sparklers, pops, etc. which made it for a terrible & scary night. The police dept. said they were extremely over flooded with calls. This makes me wonder why we can't put a stop to selling fireworks to the general public (both legal & illegal) and have fireworks displayed at DESIGNATED public viewing spaces on PUBLIC lands ONLY. No more private sales. Having fireworks on private property poses a danger & nuisance.

Thank you for listening, Patricia
