Comments:

Dear Commissioners,

I see that there is an agenda item for this evening's meeting regarding planning for an animal shelter in Sandoval County. I want to express my full support for this as it is much needed in the county and long over due.

I hope you will vote to support this important endeavor that can make a real difference in our county. It would show the Commission's valuable insight and knowledge of the county's needs to pass this item.

Sincerely,
Dr. Kathryn J. Miller
