Comments:

We desperately need an animal shelter in Bernalillo. As a resident of Placitas, I have not only seen strays around my neighborhood I myself have adopted a stray that was found in the courtyard by PAWZ To Care vet clinic. A clinic that serves our county would be well supported by both Bernalillo and Placitas. Placitas residents are well known for their concern over the wild horses of Placitas and I'm sure they would be equally supportive of an animal shelter.
