Subject: Stoddard Ordinance

Dear Commissioners,

My name is Kathleen Scott and I live in Placitas, NM.

I am writing to plead with you to please reject the Stoddard Ordinance. Please don't be hasty in approving a plan that extremely impacts our environment , our water and our air. Please protect our beautiful state for our enjoyment and our children's. There are other ways to create money for our poor state. Be visionaries and not resort to soon to be out dated methods of energy production in our country. Protect our beautiful state and the health of its people.

Thank you fir listening to what I have to say.

Sincerely,
Kathleen Scott
