Subject: Comments on the proposed Sandoval County oil and gas ordinance

I am a resident of Sandoval County and I am opposed to this ordinance for these reasons:

1. This would allow oil and gas Wells entirely too close to developed residential areas.
2. I am concerned that fracking could negatively impact our air and water quality.
3. This ordinance does not provide for sufficient monitoring of air and water quality with a baseline study.

Thank you,

David Baltzer
