RRPS is offering lunch and dinner for children at 8 separate sites. Visit rrps.net to learn more.

Call to ACTION:

Spending 10 minutes to complete a census form brings in thousands of dollars to Sandoval County!

According to ICountNM, the website of the Statewide Complete Count Commission, **for every New Mexican not counted in the census, the state loses \$37,450 over the next 10 years.**

Rio Rancho would lose more than \$27.7 million in 10 years if just 1 percent of the city's population went uncoded, according to the website. **Sandoval County would lose close to \$42.4 million** under the same circumstances.

Stay Home & Light it Up White!

Mayor Gregg Hull has proclaimed April 2020 as "Light it Up White Month" in Rio Rancho. Throughout the month of April, residents are encouraged to show their appreciation for all those on the front lines by adorning their homes and places of business with white, or any color available, twinkle lights. Residents can also show their appreciation by placing a 'thank you' sign in a street-facing window of their home.

Event of the Month

SPREAD THE WORD: Shout Out to SRMC Housekeeping!

We hear a lot about the frontline responses of our doctors and nurses – but it requires a lot of detailed standard work to sanitize and disinfect the hospital environment to protect both our patients and staff. Our housekeepers are truly unsung heroes. Housekeepers work around the clock to clean potential Covid-19 patient rooms, discharged Covid-19 rule out rooms and other potentially infectious rooms.

Daily the hospital is staffed with highly trained and knowledgeable housekeepers whose main focus is to keep patient care areas and public areas clean and disinfected to prevent the spread of germs. The Housekeeping department has increased efforts to disinfect high touch points to include door knobs, light switches, elevator buttons and etc. so that everyone at SRMC feels safe and comfortable providing or seeking care. Thank you Housekeeping, for your dedication & hard work!
