## SPREAD THE WORD: It's A Beautiful Day in the Neighborhood

*"We have not seen this type of momentum in residential construction in over a dozen years. This past August we saw 107 single family resident permits. The last time we saw triple digits was in May 2008!" Mayor Gregg Hull*

"It's a beautiful day in the neighborhood", just like Mr. Rogers says, when it comes to doing business in Rio Rancho. Rio Rancho is a community set up for business. Overall, the Mayor and the governing body are helpful when looking at working with businesses in the community. City staff and department heads work to make wading through the rules and regulations a reasonable process. "It's an attitude from the top down that makes it work".

Rio Rancho does not take it for granted that business goes where it is welcomed. Currently we are seeing a steady flow of housing development deals that have a huge impact on people moving to the community and spending money. One of the biggest contributors to gross receipts taxes is when a house is sold. With low crime and one of the very best school districts in the state, there is no better bet for new families than Rio Rancho.

Las Encantadas, Mariposa Ranch, and High Range now represent three of the top five residential submarkets in the region. We're also seeing explosive growth in south Rio Rancho with Los Diamantes. It's one of the most exciting additions to the Rio Rancho residential landscape in a long time. The upcoming master-planned development will bring nearly 600 new families to the Unser Gateway.
