What is the process to file a formal complaint about the transient homeless encampment and garbage dump/junk yard and abandoned vehicles, being created within the Village of Placitas on the property Parcel #1-026-073-465-155 located at 644 State Highway 165 in Placitas, owner of record is Alex R. Perez. The property owner is allowing the transient camping and RV parking, without any fresh water source or septic waste dumping station. Some of the transients were previously run off from a private property located across from Cerrito Rojo Road on State Highway 165 and have now relocated at this site in the center of the Placitas Village.

Please advise.
Thank you-
Dan White
