Comments:

Please do something about the terrible junkyard on the Southside of Hwy 165 in the Village of Placitas. Ive seen them carrying waste into the Arroyo that runs through their property, and their nearest neighbor said rats are taking over. There is a decrepit A-frame house and trailers. It's a danger to the acequia and a health hazard to neighbors and the occupants, not to mention a big detractor to those wishing to buy or sell property in the village.
