Comments:

I have an additional comment to make. In Plan D you are cutting up Corrales Heights without thought to neighborhoods. There is an obvious and logical border to use in this area -- highway 528. Instead of using logic, the border cuts up Corrales Heights along residential areas using streets like Pepe Ortiz Rd. and Las Marias Ave. This draws lines through people's lives and divides neighbor from neighbor. If you are on the wrong side of the street your district now goes clean across the river to the Sandias instead of with the people you are closest to. These borders are confusing and unnecessary.
