**Email**[pdeutsch@unm.edu](mailto:pdeutsch@unm.edu)**Comments:**

We can accommodate the needed Commission District changes in Sandoval by minor tweaks of the existing district boundaries. Why is it necessary to take half of the voters (the Corrales half) in the compact and contiguous District 2 and hook them up with voters 20 miles away in Placitas? What problem is being solved? Why are we putting 13 different Native American entities in the same district? These maps harm many voters in Sandoval County, especially Corralesños, Native Americans, and residents of Bernalillo. Please do not vote in favor of Plan D, and instead support the Eichwald Plan. Thanks for your consideration.
