**Comments:**

Thank you County Commissioners for voting to add Circle Dr. in Evergreen Hills back into your road maintenance schedule. The residents of Evergreen Hills have become increasingly concerned about the condition of the road impeding fire, ambulance, and police access to our community. Safety concerns include cars only being able to navigate one side of the road around curves with no visibility for oncoming traffic. We are so grateful to all who weighed in on the need for the county to resume the responsibility for keeping this road open and safe. Thank you again!
