Comments:

I am opposed to the 30 X 30 Land Grab by the "Biden Administration". Confiscation of state lands by the Federal Government under the guise of conservation - a word not even defined in the Executive Order and could be open to interpretation- is another tyrannical overreach act by this group occupying the WH. If achieved it would encompass an area twice the size of Texas and plans are for 50 X 50 confiscation by 2050.. This all falls under the umbrella of the United Nations Convention on Biological Diversity, 1992 that set a goal of 17% land grab and 30% by 2030.

Commissioners, demand the governor protect NM lands from FEDERAL OVERREACH and pass a RESOLUTION opposing the 30 X 30 land grab. I encourage you to work with other counties, too. Thank you.
