## INDEPENDENT AUDITORS' REPORT

Hector Balderas, New Mexico State Auditor  
The Office of Management and Budget  
The Board of Sandoval County Commissioners  
Sandoval County  
Bernalillo, New Mexico

### Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, the budgetary comparisons for the general fund and major special revenue fund of Sandoval County, New Mexico (the County), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents. We have also audited the financial statements of each for the County's nonmajor governmental funds, fiduciary funds and the budgetary comparisons for the major capital and debt service funds, and all nonmajor funds presented as supplementary information, as defined by the Governmental Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2014, as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2014, and the respective changes in financial position and where applicable, the cash flow thereof and the respective budgetary comparisons for the general fund and major special revenue fund for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each of the nonmajor governmental funds of the County as of June 30, 2014, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons for the major capital project fund, major debt service funds and all nonmajor funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the County's financial statements, and the combining and individual fund financial statements and budgetary comparisons. The Schedule of Expenditures of federal awards as required by the Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the other schedules required by 2.2.2 NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of federal awards and other schedules required by 2.2.2 NMAC are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures and other schedules required by 2.2.2 NMAC are fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 13, 2014 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Governmental Auditing Standards in considering the County's internal control over financial reporting and compliance.

**STATE OF NEW MEXICO**  
**SANDOVAL COUNTY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**NOTE 13. Closure and Postclosure Care Costs**

The County has an active landfill, located on County land, available for solid waste disposal. A portion of the total estimated current cost of the closure and postclosure care is to be recognized in each period the landfill accepts solid waste. The operations of the landfill are accounted for in a proprietary fund. The measurement and recognition of the liability for closure and postclosure care are based on total estimated current cost and landfill usage to date.

State and federal laws and regulations require that the County place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. In addition to operating expenses related to current activities on the landfill, an expense provision and related liability are being recognized based on the future closure and postclosure care costs that will be incurred near or after the date the landfill no longer accepts waste. The recognition of these landfill closure and postclosure care costs has a balance of \$4,014,000 as of June 30, 2014, which is based on 100% usage (filled) of the landfill. The estimated total current cost of the landfill closure and postclosure care (\$4,014,000) is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor and maintain the landfill were acquired as of June 30, 2014. However, the actual cost of closure and postclosure care may be higher due to inflation, changes in technology or changes in landfill laws and regulations. The County is required by state and federal laws and regulations to make annual contributions to finance closure and postclosure care. The County is in compliance with these requirements, and at June 30, 2014, the County has set aside \$4,014,000 for these purposes. The County expects that future inflation costs will be paid from the interest earnings on these annual contributions. However, if earnings are inadequate or additional postclosure care requirements are determined (due to changes in technology or applicable laws and regulation, for example), these costs may be covered from future tax revenues.

**NOTE 14. Reserved Fund Balance**

The County has created a reserve for debt service to segregate a portion of the fund balance for both principal and interest payments of debt service. The reservation satisfies restrictions imposed by the County's various bond agreements.

**NOTE 15. Joint Powers Agreement**

The Village of San Ysidro and Sandoval County are in agreement to provide certain services, including fire suppression, rescue services and emergency medical services to the Village by the County. The responsible party is the County. The agreement effective date was May 23, 2001 and is in effect until terminated either by the Village or the County. The total fees to the Village are contingent on the amount of services provided during the year.

The County of Sandoval and Bernalillo County are in agreement to provide for the operations of the Juvenile jail. The effective date of the agreement is July 1, 2009 with a termination upon notice by either party. The total estimated amount of the project and portion applicable to the County is contingent upon the level of use of the facility. The Counties of Bernalillo and Sandoval share the cost of the facility.

The City of Rio Rancho, Village of Corrales and Sandoval County are in agreement to establish a Sandoval County Regional Emergency Communications Center (SCRECC) in order to improve emergency communications among public safety agencies. The responsible party is the City of Rio Rancho. The agreement was effective as of July 1, 2003 and will remain in effect indefinitely until terminated. The City acts as the Fiscal Agent and collects revenues, makes disbursements and is responsible for financial reports. The total paid in fiscal year 2014 was \$1,040,559.

**NOTE 16. Contingent Liabilities and Commitments**

**Liabilities** - The County is party to various claims and lawsuits arising in the normal course of business. The County is insured through the New Mexico County Insurance Authority. In the opinion of management, the outcome of these matters will not have a material effect on the financial position of the County.

**Commitments** - The County had various construction and purchase commitments totaling approximately \$7,040,000 as of June 30, 2013. The funding to cover the various commitments was bond proceeds, including bonds and grants.

#### Opinion

NEW YORK, October 31, 2013 --Moody's Investors Service has assigned a Aa2 rating to Sandoval County's (NM) \$4.8 million General Obligation Refunding Bonds, Series 2013. Concurrently, we have affirmed the Aa2 rating on the county's \$16.4 million in outstanding parity debt, inclusive for the current sale. Proceeds from the current sale will be used to refund a portion of the county's outstanding Series 2004 bonds for a net present value savings with no extension of final maturity.

#### SUMMARY RATING RATIONALE

The bonds are secured the county's full faith and credit and are general obligations of the county payable from ad valorem taxes to be levied, without limitation as to rate or amount, against all taxable property within the county. Assignment of the Aa2 rating reflects the county's large tax base that is experiencing moderate declines, adequate financial reserves, and modest debt burdens with rapid principal amortization.

#### STRENGTHS

- \*Large tax base
- \*Modest debt burden

#### CHALLENGES

- \*Contributions to county detention center and juvenile detention center

#### DETAILED CREDIT DISCUSSION

##### LARGE TAX BASE EXPERIENCING MODERATE DECLINES

We believe the county's tax base will stabilize in the near term as residential and commercial development continues and negative reappraisals of vacant land diminish. Located just north of the City of Albuquerque (GO rated Aa1/Negative Outlook), Sandoval County includes the expanding City of Rio Rancho (GO rated Aa2/No Outlook). Population in the county is growing at a rapid pace with a 42% increase from the 1990 to 2000 U.S. Census, and an additional 46.3% to 131,561 through the 2010 U.S. Census. The rapid population increase led to considerable growth in non-residential property valuations and new housing construction, which helped contribute

to significant taxable value increases for fiscal 2007 and fiscal 2008, reaching an assessed value of \$2.9 billion, derived from a full value of \$8.9 billion. Taxable value growth slowed for fiscal 2009 and fiscal 2010, increasing assessed value to \$3.4 billion, derived from a full value of \$10.4 billion. The tax base experienced essentially flat growth for fiscal 2011 before declining 4.9% and 2.6% in fiscal 2012 and 2013 to an assessed value of \$3.2 billion, derived from a full value of \$9.6 billion for fiscal 2013. Officials report the economic recession slowed much of the rapid housing expansion and negative revaluation of non-residential property has since outweighed commercial and residential developments. Preliminary fiscal 2014 assessed values indicate an additional decline of 0.1%, decreasing assessed value to \$3.17 billion, derived from a full value of a still large \$9.6 billion. Management does not anticipate an additional large decline in non-residential property valuation that would outweigh new construction of residential and commercial property.

The county's economy is driven by manufacturing, which primarily consists of the Intel Corporation (senior unsecured A1/Stable outlook) plant in Rio Rancho, but also consists of government, tourism, and recreation. Officials also indicate the service, health care, and retail industries are bolstered by the growing population. Two new hospitals have recently been completed, providing an estimated 1,000 additional jobs and the possibility of spin-off commercial and retail development. The county's July 2013 unemployment rate of 8.8% was above the state (7.5%) and nation (7.7%) for the same time period. The county's wealth levels, as represented by the 2010 American Community Survey (5 year average) median family income was a favorable 125.4% of the state, and slightly above the U.S. average at 104.6%.

#### ADEQUATE FINANCIAL POSITION MAINTAINED

We believe management will continue to maintain adequate General Fund reserves over the long term given the state imposed requirement to reserve 3/12ths of the subsequent years budgeted expenditures, and management's commitment to practicing prudent fiscal management. The county has posted three consecutive operating surpluses through fiscal year-end 2012, ending with reserve levels of roughly 25% of General Fund revenues each year. The county is required by the state to maintain a General Fund cash reserve position equal to 3/12ths of budgeted operating expenditures. Fiscal 2012 General Fund operations were favorable, resulting in a \$493,000 operating surplus, increasing General Fund balance to \$7.2 million (25.3% of revenues). We note that the county makes annual transfers out of the General Fund to support the detention center and other services that equate to roughly half of the county's annual budget. This operating structure generates a variable of risk of unanticipated uses of reserves given the dependence of the other services on the General Fund. For instance, an unanticipated event involving the detention center's federal inmate contracts in fiscal 2013 caused a significantly greater than budgeted transfer out of the General Fund to the Detention Fund. The increased transfer out in fiscal 2013 is expected to create a modest \$487,000 General Fund operating deficit and decrease the total General Fund balance to \$6.7 million, or a still adequate 22.7% of anticipated revenues.

Management has adopted a conservative budget for fiscal 2014 and anticipates balanced operations. Management also reports that the detention center contracts have since been diversified with local municipalities' inmates and does not foresee any issues moving forward. Although operational reserves are currently adequate, we note that depletion of reserves through general operations or capital outlay could result in negative rating pressure.

#### MANAGEABLE DEBT PROFILE EXPECTED TO CONTINUE

We believe the county's debt burden will remain manageable in the near term, given the rapid rate of principal amortization and no current plans for additional debt issuance. Inclusive of the current sale, the county's debt burdens are modest at 0.4% direct and 3.0% overall, both expressed as a percentage of preliminary fiscal 2014 full value. The debt burden includes approximately \$24.2 million of the county's gross receipts tax and other debt outstanding, but excludes \$48.7 million of incentive revenue bonds, which are paid exclusively by direct payments from various corporations within the county. The county has no additional general obligation debt authorization remaining, and no near term plans to seek additional authorization. Payout of general obligation debt is rapid with 95.8% of principal retired in ten years. The county has no exposure to variable rate debt or interest rate derivatives.

Moody's adjusted net pension liability (ANPL) for the county, under our methodology for adjusting reported pension data, is \$66.4 million, or 1.79 times fiscal 2011 operating revenues, compared to less than 1 times on average in the sector. Moody's ANPL reflects certain adjustments we make to improve comparability of reported pension liabilities. The adjustments are not intended to replace Sandoval County's reported liability information, but to improve comparability with other rated entities. We determined Sandoval County's share of liability for the state-run PERA in proportion to its contributions to the plan.

#### WHAT COULD MAKE THE RATING GO UP:

\*Substantial tax base expansion

\*Trend of surplus operations bolstering financial reserve position

**WHAT COULD MAKE THE RATING GO DOWN:**

\*Continued contraction of tax base

\*Depletion of financial reserves, whether for general operations or capital outlay

Dear Mr. Rios :

We wish to inform you that on October 31, 2013, Moody's Investors Service reviewed and assigned a rating of

- Aa2 to SANDOVAL (COUNTY OF) NM, General Obligation Refunding Bonds, Series 2013

In assigning such rating, Moody's has relied upon the truth, accuracy and completeness of the information supplied by you or on your behalf to Moody's. Moody's expects that you will, on an ongoing basis, continue to provide Moody's with updated information necessary for the purposes of monitoring the rating, including current financial and statistical information.

Moody's will monitor this rating and reserves the right, at its sole discretion, to revise or withdraw this rating at any time in the future.

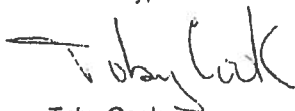

The rating, as well as any revisions or withdrawals thereof, will be publicly disseminated by Moody's through normal print and electronic media and in response to verbal requests to Moody's Rating Desk.

In accordance with our usual policy, assigned ratings are subject to revision or withdrawal by Moody's at any time, without notice, in the sole discretion of Moody's. For the most current rating, please visit [www.moody's.com](http://www.moody's.com).

This letter is strictly confidential and you may not disclose it to any other person except: (i) to your legal counsel acting in their capacity as such; (ii) to your other authorized agents, acting in their capacity as such; (iii) as required by the law or regulation; or (iv) with the prior written consent of Moody's, in which case Moody's reserves the right to impose conditions upon such consent such as requiring that you only disclose this letter in its entirety and/or requiring any third party to sign a confidentiality and/or non-reliance agreement.

Should you have any questions regarding the above, please do not hesitate to contact me or the analyst assigned to this transaction, John Nichols at 214-979-6851.

**Notes:**

1. Phase I and Phase II Assessment costs are based on contracting with a qualified third party to conduct the activities outlined above. The activities included in this cost estimate are based on current dollars, previous experience with landfills located in arid climates, and current subcontractor costs.
2. Cost estimates are based on sampling and analysis of wells that are intended to be part of the groundwater monitoring network over the next 10 years, plus one additional well.
3. Task 5.4: Due to positive groundwater quality results to-date, only 1 new well is projected for installation at this time. In the event additional wells are needed for Phase I/Phase II assessment, the cost estimate for this Task will be updated.
4. Task 5.5: Assessment and Corrective Action cost for this update based on positive groundwater quality results to-date. This cost will be updated accordingly if Corrective Action is necessary.
5. LS = Lump Sum

**PUBLIC NOTICE OF FILING OF APPLICATION BY SANDOVAL COUNTY FOR A SOLID WASTE  
FACILITY PERMIT RENEWAL AND MODIFICATION, INCLUDING A PERMIT REVIEW, FOR  
THE SANDOVAL COUNTY LANDFILL,  
SANDOVAL COUNTY, NM**

Pursuant to Section 22 of the New Mexico (NM) Solid Waste Act (Section 74-9-22 NMSA 1978) and 20.9.3.8.G and 20.9.3.24 NMAC (NM Solid Waste Rules), notice is hereby given to the public and other affected individuals and entities that Sandoval County, owner and operator of the Sandoval County Landfill (SCLF), has filed an Application, with the Solid Waste Bureau (SWB) of the New Mexico Environment Department (NMED) to renew and modify the solid waste facility permit for SCLF and request permit review by the NMED. The Application, including the Permit Review, may be reviewed at SCLF as listed in Section 1, and the NMED addresses as listed in Section 6 of this Notice. Pertinent information required by the Act and the Rules is as follows.

1. Name, Address, and Phone Number of the Applicant and Contact Person:

Applicant/Owner of the SCLF:

Sandoval County  
711 Camino del Pueblo  
Bernalillo, NM 87004

Contact Person: Mr. Phillip Rios  
Sandoval County Manager  
Phone: 505.867.7538

Operator of the SCLF:

Sandoval County Public Works Department  
2708 Iris Road NE  
Rio Rancho, NM 87124

Contact Person: Mr. Tommy Mora  
Director of Public Works  
Phone: 505.771.8500

2. Anticipated Start-Up Date and Planned Hours of Operation:

SCLF is publicly owned and operated by Sandoval County (the "County"). SCLF is an existing solid waste facility that has been in operation since the early 1970s. It is operating pursuant to its current NMED Solid Waste Facility Permits, SWM-050304 and SWM-050304 (SP), issued by NMED on 06/17/2005. Current operating hours for SCLF are from 8:00 a.m. to 4:00 p.m., Monday through Saturday. SCLF may operate outside of scheduled operating hours to accommodate site preparation, inclement weather conditions, cover application, special projects, infrastructure construction, internal operation/projects, maintenance, monitoring and other special circumstances. If approved, ongoing operations pursuant to the Permit Modification would likely begin in 2016; and the Permit Renewal will authorize continued operation for 20 more years.

3. Description of the Facility:

- a. General Process. SCLF receives municipal solid waste (MSW) including construction and demolition debris (C&D) from commercial haulers and the public. Solid waste is placed and compacted in lined landfill cells that are served by environmental control systems (i.e., composite liners and leachate collection systems, stormwater management controls, groundwater monitoring, landfill gas monitoring, etc.). At the end of each working day, the working face is covered with a minimum of six (6) inches of soil or an NMED-approved alternative daily cover. Other public service infrastructure within the SCLF site boundary includes: the Sandoval County Public Works Complex, the Landfill Operations Center, Convenience Center (i.e., public MSW transfer and recyclables deliveries), Recycling Center (jointly operated by the County and the City of Rio Rancho), Composting Office and Operations (including digesters, feedstock piles, and curing piles), and other supporting infrastructure (e.g., storage sheds, security fencing and locking gates, etc.).
- b. Location. SCLF is located at 2708 Iris Road NE in Rio Rancho, New Mexico (NM), within portions of Sections 33 and 34, Township 13 North, Range 3 East of the New Mexico Prime Meridian, Sandoval

County, NM.

- c. Size. The SCLF “solid waste facility” (20.9.2.7.S(11) NMAC) footprint encompasses approximately 178.3 acres  $\pm$  of land; and the SCLF “solid waste disposal area” (20.9.2.7.S(10) NMAC) occupies approximately 122.5 acres  $\pm$  of the 178.3 acre  $\pm$  solid waste facility footprint.
  - d. Quantities and Rate of Solid Waste. SCLF receives an average of approximately 400 tons  $\pm$  of solid waste per day (tpd), and may receive more or less solid waste depending upon market conditions. The County is seeking NMED approval to continue to accept the following two non-hazardous special wastes: petroleum contaminated soils (PCS) and sludge, at SCLF. The County anticipates waste receipts up to approximately 5,000 tons per year (tpy) of PCS; and receipts up to approximately 3,000 tpy of sludge waste. Quantities and rates may increase in the future as demand increases in response to population increases and with regional development projects. These special waste receipts are intended as a public service for County projects.
  - e. Types of Solid Waste. SCLF is permitted to accept MSW including C&D and tires, and select recyclables including household hazardous waste. In addition, the County is seeking NMED approval to continue to accept the following two non-hazardous special wastes: PCS and sludge.
  - f. Description of the Modification. Permit modification is sought for a lateral and vertical expansion of the solid waste disposal boundary to include a new Unit IV disposal area which will overlap Units I, II, and III and include a portion of the former Public Service Company of New Mexico (PNM) utilities easement. Once approved, the modification will result in a 122.5-acre  $\pm$  disposal area (i.e., a 10-acre expansion), however there will be no changes to the existing 178.3-acre  $\pm$  solid waste facility boundary.
4. Anticipated Origin of Waste: Solid waste and recyclables originate primarily from Sandoval County, Santa Fe County, Bernalillo County, and several nearby Pueblos, but may originate from outside of this region. In addition, it is anticipated that approved special wastes will also originate from this region, but may also be delivered from outside of this service area.
  5. Permit Review: The Permit Review, included in the Application for Permit Renewal and Modification, provides the information required by 20.9.3.24 NMAC for a permit review (i.e, 10-year), including information on facility operations, compliance history, environmental monitoring results, changes in information from the disclosure forms, financial assurance, and a description of any behavior or incidents of the nature described in Subsection B of 74-9-24 of the Solid Waste Act.
  6. Comments: Questions or comments regarding the Application, including the request for Permit Review, should be directed to Mr. Tommy Mora, Director of Public Works, at the address provided in Section 1 of this Notice and to NMED at the following address:

Mr. George Schuman  
Manager, Permit Section  
NMED - Solid Waste Bureau  
P.O. Box 5469  
Santa Fe, NM 87502-5469  
Phone: (505) 827-2328

SÓLIDOS, QUE INCLUYE LA REVISIÓN DEL PERMISO, PARA EL VERTEDERO DEL  
CONDADO DE SANDOVAL,  
CONDADO DE SANDOVAL, NM**

De conformidad con la sección 22 de la Ley de Residuos Sólidos de Nuevo México (NM) (Sección 74-9-22 NMSA 1978) y 20.9.3.8 G y 20.9.3.24 NMAC (Reglamento de Residuos Sólidos de NM), se avisa por la presente al público y a otros individuos y entidades afectados que el Condado de Sandoval, dueño y operador del Vertedero del Condado de Sandoval (Sandoval County Landfill, SCLF), ha radicado una Solicitud ante la Oficina de Residuos Sólidos (SWB) del Departamento de Medio Ambiente de Nuevo México (NMED) para renovar y modificar el permiso del vertedero de residuos sólidos para el SCLF y solicitar la revisión del permiso por el NMED. La Solicitud, que incluye la Revisión del Permiso, podrá examinarse en el SCLF como se indica en la Sección 1, y en las direcciones del NMED como se indican en la Sección 6 de este Aviso. La información pertinente requerida por la Ley y el Reglamento es la siguiente.

1. Nombre, Dirección y Número de Teléfono del Solicitante y de la Persona de Contacto:

Solicitante/Propietario del SCLF:

Condado de Sandoval  
711 Camino del Pueblo  
Bernalillo, NM 87004

Persona de Contacto: Sr. Phillip Rios  
Gerente del Condado de Sandoval  
Teléfono: 505.867.7538

Operador del SCLF:

Departamento de Obras Públicas del Condado de Sandoval  
2708 Iris Road NE  
Rio Rancho, NM 87124

Persona de Contacto: Sr. Tommy Mora  
Director de Obras Públicas  
Teléfono: 505.771.8500

2. Fecha Prevista de Puesta en Marcha y Horario de Funcionamiento Planificado:

El SCFL es propiedad pública y es operado por el Condado de Sandoval (el "Condado"). El SCLF es un vertedero de residuos sólidos existente y ha estado en funcionamiento desde principios de los setenta. Funciona conforme a sus Permisos vigentes del NMED para Vertedero de Residuos Sólidos, SWM-050304 y SWM-050304 (SP), emitidos por el NMED el 17 de junio de 2005. El horario actual de funcionamiento del SCLF es de 8:00 a.m. a 4:00 p.m., de lunes a sábado. El SCLF puede funcionar fuera del horario de funcionamiento programado para dar lugar a la preparación del sitio, en caso de malas condiciones climáticas, para la aplicación de cobertura, para proyectos especiales, para la construcción de infraestructura, para las operaciones/proyectos internos; para el mantenimiento, para el monitoreo y para otras circunstancias especiales. Si se aprueba, posiblemente las operaciones continuas conforme a la Modificación del Permiso comenzarán en 2016; y la Renovación del Permiso autorizará la operación continua por veinte (20) años más.

3. Descripción del Vertedero:

- a. Proceso General. El SCLF recibe los residuos sólidos municipales (MSW), que incluyen escombros de construcción y demoliciones (C&D) de los transportistas comerciales y del público. Los desechos sólidos se colocan y compactan en las celdas que son servidas por sistemas de control ambiental (es decir, revestimientos compuestos y sistemas de recolección de lixiviados, controles de gestión de aguas pluviales, monitoreo de aguas subterráneas, monitoreo de los gases de vertedero, etc.). Al final de cada jornada de trabajo, la fase de funcionamiento se cubre con un mínimo de seis (6) pulgadas de tierra o con una cubierta diaria alternativa aprobada por el NMED. Otras infraestructuras del servicio público dentro de los límites del SCLF incluyen: el Complejo de Obras Públicas del Condado de Sandoval, el Centro de Operaciones del Relleno Sanitario, el Centro de Conveniencia (es decir, de transferencias de MSW y

entregas de reciclables del público), el Centro de Reciclaje (operado conjuntamente por el Condado y la ciudad de Rio Rancho), la Oficina de Compostaje y Operaciones (que incluye digestores, pilas de materias primas, y pilas de curado), y otra infraestructura de soporte (por ejemplo, cobertizos de almacenamiento, cercas de seguridad y puertas de bloqueo, etc.).

- b. Ubicación. El SCLF está ubicado en 2708 Iris Road NE en Rio Rancho, Nuevo México (NM), dentro de porciones de las Secciones 33 y 34, del Distrito Municipal 13 al norte, Rango 3 al Este del Meridiano de Origen de Nuevo México, Condado de Sandoval, NM.
  - c. Tamaño. El área que ocupa el "vertedero de residuos sólidos" (20.9.2.7.S(11) NMAC) del SCLF comprende aproximadamente 178,3 acres de tierra; y el "área de eliminación de desechos sólidos" del SCLF (20.9.2.7.S(10) NMAC) ocupa aproximadamente 122,5 acres de los cerca de 178,3 acres del área que ocupa vertedero de residuos sólidos.
  - d. Cantidades y Proporción de Residuos Sólidos. El SCLF recibe un promedio aproximado de 400 toneladas de residuos sólidos por día (t/día), y podrá recibir más o menos desechos sólidos dependiendo de las condiciones de mercado. El Condado solicita la aprobación del NMED para continuar aceptando los siguientes dos desechos especiales no peligrosos: suelos contaminados con petróleo (PCS) y lodos, en el SCLF. El Condado prevé la recepción de desechos hasta de 5000 (cinco mil) toneladas por año (t/año) de PCS; y la recepción de desechos de 3000 (tres mil) t/año de desechos de lodo. Es posible que las cantidades y proporciones aumenten en el futuro cuando la demanda aumente en respuesta al crecimiento de la población y con los proyectos de desarrollo regional. La recepción de desechos especiales se ha concebido como servicio público para proyectos del Condado.
  - e. Tipos de Desechos Sólidos. El SCLF tiene permiso para aceptar MSW que incluyen desechos de construcción y demolición (C&D) y llantas, así como reciclables seleccionados que incluyen residuos peligrosos del hogar. Adicionalmente, el Condado solicita aprobación del NMED para continuar aceptando los siguientes dos desechos especiales no peligrosos: PCS y lodos.
  - f. Descripción de la Modificación. La modificación del Permiso se solicita para una expansión lateral y vertical de los límites del botadero de residuos sólidos para incluir una nueva Unidad IV de área de botadero que se superpone a las Unidades I, II y III e incluye una parte de la servidumbre para servicios públicos de la antigua Compañía de Servicios Públicos de Nuevo México (PNM). Una vez aprobada, la modificación tendrá como resultado un área de botadero de aproximadamente 122,5 acres (es decir, una expansión de 10 acres). Sin embargo, no habrá cambios a los límites de aproximadamente 178,3 acres del vertedero de desechos sólidos existente.
4. Origen Previsto de los Desechos: Los residuos sólidos y los materiales reciclables proceden principalmente del Condado de Sandoval, el Condado de Santa Fe, el Condado de Bernalillo, y varios pueblos cercanos, pero también pueden provenir de fuera de esta región. Además, se prevé que los desechos especiales aprobados provendrán de esta región, pero también serán entregados desde fuera de esta zona de servicio.
  5. Revisión del Permiso: La Revisión del Permiso, incluida en la Solicitud de Renovación y Modificación del Permiso, provee la información requerida por 20.9.3.24 NMAC para la revisión del permiso (es decir, 10 años), que incluye información sobre operaciones del vertedero, historial de cumplimiento, resultados de monitoreos ambientales, cambios de la información de los formularios de divulgación, garantía financiera, y una descripción de todo comportamiento o incidente de la naturaleza descrita en la Subsección B de la Ley de Desechos Sólidos 74-9-24.
  6. Comentarios: Las preguntas o los comentarios con respecto a la Solicitud del Permiso deben dirigirse al señor Tommy Mora, Director de Obras Públicas a la dirección proporcionada en la sección 1 de este Aviso y al NMED a la siguiente dirección:

Sr. George Schuman

Anything that is Centrally Assessed can have the information from the NM Taxation and Rev. Dept. Central Assessment.

Taxation and Revenue New Mexico

1100 South St. Francis Drive  
Santa Fe, NM 87504  
(505) 827-0700

NM DOT holds all parcels that are deemed Right of Way for roads and highways. All questions regarding such ROW's can be asked to them here:

NMDOT Headquarters  
1120 Cerrillos Road  
Santa Fe, NM 87504-1149

Telephone: (505) 827-5100  
Fax: (505) 827-5469

The green highlighted items with the "R" is the account number that the assessor's office use for each individual parcel.

The information can be had here:  
<http://etweb.sandovalcountynm.gov/Assessor/web/>

I hope this helps.

Good Morning Louise,

Thanks for your quick response! A couple of follow-up questions:

1. Do you have contact addresses for those I've highlighted in yellow below?
2. Also for the two #s I've highlighted below in green (R068259 and R057124) – what do those mean – and are there any contact addresses available?

Thanks again for your help, much appreciated.

**Subject:** question - UPCs with "null" account information

**Importance:** High

Hello,

We are compiling names/addresses for property owners within 100 feet of the Sandoval County Landfill using the parcel mapping system; on behalf of the County, Gordon Environmental, Inc. will issue notice to these owners regarding the Sandoval County Landfill Application for Permit Renewal and Modification.

There are several parcels that identify account information as "null". For example, UPC 1015072296483 – see below. I wanted to find out if there is owner name/address information available from another source for the parcels coming up as "null".

UPC: 1015072296483

Account Info: [Null](#)

Latitude: 35° 18' 13.794"  
Longitude: -106° 37' 38.715"

-----  
Subdivision: Rio Rancho Estates

Lot:

Block: 62

Unit: 17

NOTE TO MAP USERS

The surface and minerals management status overprints are published as general planning and management tools. Some of the lands, surface and mineral rights, may have been shown as patented lands due to the lack of information available to BLM with respect to the nature of acquisition. No warranty is made by the BLM for use of the map for purposes not intended by BLM. The official land records in the respective offices of the Bureau of Land Management or other responsible Federal agencies should be checked for up-to-date status on any specific tract of land. Inadequacies in the BLM maps should be reported to the respective Bureau of Land Management offices from which the maps were obtained.

## NOTICE OF FORECLOSURE SALE

PLEASE TAKE NOTICE the above-entitled Court, having duly appointed a Special Master in this matter with the power to sell, has ordered me to sell the Real Estate situated in Sandoval County, New Mexico community known as Rio Rancho, NM 87124 and more fully described as:

Forty-seven (47) units, Block numbered Eighty-six (86), Unit 8, Rio Rancho Estates, as the same is shown and designated on the plat entitled, "EASTERLY PORTION OF S.E. PORTION OF UNIT EIGHT, RIO RANCHO ESTATES, TOWN OF ALAMEDA COUNTY, NEW MEXICO", filed in the office of the County Clerk of Sandoval County, New Mexico, on April 22, 1963 in Rio Rancho Estates Plat Book Number 1, page 45 ("Real Estate").

And a 1998 Cayco-make, 28' x 56' Manufactured Home, serial number 4875, Block numbered Eighty-six (86), Unit 8, Rio Rancho Estates, as the same is shown and designated on the plat entitled, "EASTERLY PORTION OF S.E. PORTION OF UNIT EIGHT, RIO RANCHO ESTATES, TOWN OF ALAMEDA COUNTY, NEW MEXICO", filed in the office of the County Clerk of Sandoval County, New Mexico, on April 22, 1963 in Rio Rancho Estates Plat Book Number 1, page 45 ("Real Estate").

The sale is to begin at the hour of 2:30 pm on the 1st day of May 2015, at the main entrance of the Sandoval County Judicial Complex, 1500 Idalia Rd., Building A, Bernalillo, NM 87004 at which time I will sell to the highest bidder for cash in the lawful currency of the United States of America, the above-described Real Estate, as it is shown and designated on the above-described Manufactured Home to pay the such Default Judgment, Decree of Foreclosure and Appointment of Special Master referred to above, and to satisfy the Judgment in favor of Plaintiff in the total amount of \$83,963.94 including interest to the date of the Foreclosure Sale. At such sale, the Plaintiff may become the purchaser of the property being sold, or part thereof, and may apply all or part of the Judgment to the bid, should it be the highest bidder. At the Special Master's discretion, the sale may be postponed and rescheduled. In the event the Special Master is unable to conduct the sale, he/she shall designate a successor to act as Special Master for the purpose of the sale. Without further or other notice, said successor may conduct the sale as aforesaid.

Any purchaser at such sale must pay, in cash or an unconditional, irrevocable letter of credit issued upon a financial institution and in a form acceptable to me. The purchaser at such sale shall take title to such property subject to a one month right of redemption.

PUBLIC NOTICE OF FILING OF APPLICATION BY SANDOVAL COUNTY FOR A SOLID WASTE FACILITY PERMIT RENEWAL AND MODIFICATION, INCLUDING A PERMIT REVIEW, FOR THE SANDOVAL COUNTY LANDFILL, SANDOVAL COUNTY, NM

Pursuant to Section 22 of the New Mexico (NM) Solid Waste Act (Section 74-9-22 NMSA 1978) and 20.9.3.2-4 NMAC (NM Solid Waste Rules), notice is hereby given to the public and other affected individuals and entities that the Sandoval County, owner and operator of the Sandoval County Landfill (SCLF), has filed an Application, with the Solid Waste Bureau (SWB) of the New Mexico Environment Department (NMED) to renew and modify the solid waste facility permit for SCLF and request permit review by the NMED. The Application, including the Permit Review, may be reviewed at SCLF as listed in Section 1, and the NMED addresses as listed in Section 6 of this Notice. Pertinent information required by the Act and the Rules is as follows.

1. **Name, Address, and Phone Number of the Applicant and Contact Person:**  
Applicant/Owner of the SCLF:  
Sandoval County  
711 Camino del Pueblo  
Bernalillo, NM 87004  
Contact Person: Mr. Phillip Rios  
Sandoval County Manager  
Phone: 505.867.7538  
Operator of the SCLF:  
Sandoval County Public Works Department  
2708 Iris Road NE  
Rio Rancho, NM 87124  
Contact Person: Mr. Tommy Mora  
Director of Public Works  
Phone: 505.771.8500
2. **Anticipated Start-Up Date and Planned Hours of Operation:**

SCLF is publicly-owned and operated by Sandoval County (the "County"). SCLF is an existing solid waste facility that has been in operation since the early 1970s. It is operating pursuant to its current NMED Solid Waste Facility Permits, SWM-050304 and SWM-050304 (SP), issued by NMED on 06/17/2005. Current operating hours for SCLF are from 8:00 a.m. to 4:00 p.m., Monday through Saturday. SCLF may operate outside of scheduled operating hours to accommodate site preparation, inclement weather conditions, cover application, special projects, infrastructure construction, internal operation/projects, maintenance, monitoring and other special circumstances. If approved, ongoing operations pursuant to the Permit Modification would likely begin in 2016; and the Permit Renewal will authorize continued operation for 20 more years.

3. **Description of the Facility:**
  - a. **General Process:** SCLF receives municipal solid waste (MSW) including construction and demolition debris (C&D) from commercial haulers and the public. Solid waste is placed and compacted in lined landfill cells that are served by environmental control systems (i.e., composite liners and leachate collection systems, stormwater management controls, groundwater monitoring, landfill gas monitoring, etc.). At the end of each working day, the working face is covered with a minimum of six (6) inches of soil or an NMED-approved alternative daily cover. Other public service infrastructure within the SCLF site boundary includes: the Sandoval County Public Works Complex, the Landfill Operations Center, Convenience Center (i.e., public MSW transfer and recyclables deliveries), Recycling Center (jointly operated by the County and the City of Rio Rancho), Composting Office and Operations (including digesters, feedstock piles, and curing piles), and other supporting infrastructure (e.g., storage sheds, security fencing and locking gates, etc.).
  - b. **Location:** SCLF is located at 2708 Iris Road NE in Rio Rancho, New Mexico (NM), within portions of Sections 33 and 34, Township 13 North, Range 3 East of the New Mexico Prime Meridian, Sandoval County, NM.
  - c. **Size:** The SCLF "solid waste facility" (20.9.2.7.S(11) NMAC) footprint encompasses approximately 178.3 acres ± of land; and the SCLF "solid waste disposal area" (20.9.2.7.S(10) NMAC) occupies approximately 122.5 acres ± of the 178.3 acre ± solid waste facility footprint.
  - d. **Quantities and Rate of Solid Waste:** SCLF receives an average of approximately 400 tons ± of solid waste per day (tpd), and may receive more or less solid waste depending upon market conditions. The County is seeking NMED approval to continue to accept the following two non-hazardous special wastes: petroleum contaminated soils (PCS) and sludge, at SCLF. The County anticipates waste receipts up to approximately 5,000 tons per year (tpy) of PCS; and receipts up to approximately 3,000 tpy of sludge waste. Quantities and rates may increase in the future as demand increases in response to population increases and with regional development projects. These special waste receipts are intended as a public service for County projects.
  - e. **Types of Solid Waste:** SCLF is permitted to accept MSW including C&D and tires, and select recyclables including household hazardous waste. In addition, the County is seeking NMED approval to continue to accept the following two non-hazardous special wastes: PCS and sludge.
  - f. **Description of the Modification:** Permit modification is sought for a lateral and vertical expansion of the solid waste disposal boundary to include a new Unit IV disposal area which will overlap Units I, II, and III and include a portion of the former Public Service Company of New Mexico (PNM) utilities easement. Once approved, the modification will result in a 122.5-acre ± disposal area (i.e., a 10-acre expansion), however there will be no changes to the existing 178.3-acre ± solid waste facility boundary.
4. **Anticipated Origin of Waste:** Solid waste and recyclables originate primarily from Sandoval County, Santa Fe County, Bernalillo County, and several nearby Pueblos, but may originate from outside of this region. In addition, it is anticipated that approved special wastes will also originate from this region, but may also be delivered from outside of this service area.
5. **Permit Review:** The Permit Review, included in the Application for Permit Renewal and Modification, provides the information required by 20.9.3.24 NMAC for a permit review (i.e., 10-year), including information on facility operations, compliance history, environmental monitoring results, changes in information from the disclosure forms, financial assurance, and a description of any behavior or incidents of the nature described in Subsection B of 74-9-24 of the Solid Waste Act.
6. **Comments:** Questions or comments regarding the Application, including the request for Permit Review, should be directed to Mr. Tommy Mora, Director of Public Works, at the address provided in Section 1 of this Notice and to NMED at the following address:

AVISO PÚBLICO DE RADICACIÓN DE SOLICITUD DEL CONDADO DE SANDOVAL PARA LA RENOVACIÓN Y MODIFICACIÓN DEL PERMISO PARA UN VERTEDERO DE RESIDUOS SÓLIDOS, QUE INCLUYE LA REVISIÓN DEL PERMISO, PARA EL VERTEDERO DEL CONDADO DE SANDOVAL, CONDADO DE SANDOVAL, NM

De conformidad con la sección 22 de la Ley de Residuos Sólidos de Nuevo México (NM) (Sección 74-9-22 NMSA 1978) y 20.9.3.2-4 NMAC (Reglamento de Residuos Sólidos de NM), se avisa por la presente al público y a otros individuos y entidades afectados que el Condado de Sandoval, dueño y operador del Vertedero del Condado de Sandoval (Sandoval County Landfill, SCLF), ha radicado una Solicitud ante la Oficina de Residuos Sólidos (SWB) del Departamento de Medio Ambiente de Nuevo México (NMED) para renovar y modificar el permiso del vertedero de residuos sólidos para el SCLF y solicitar la revisión del permiso por el NMED. La Solicitud, que incluye la Revisión del Permiso, podrá examinarse en el SCLF como se indica en la Sección 1, y en las direcciones del NMED como se indican en la Sección 6 de este Aviso. La información pertinente requerida por la Ley y el Reglamento es la siguiente.

1. **Nombre, Dirección y Número de Teléfono del Solicitante y de la Persona de Contacto:**  
Solicitante/Propietario del SCLF:  
Condado de Sandoval  
711 Camino del Pueblo  
Bernalillo, NM 87004  
Persona de Contacto: Sr. Phillip Rios  
Gerente del Condado de Sandoval  
505.867.7538  
Teléfono:  
Operador del SCLF:  
Departamento de Obras Públicas del Condado de Sandoval  
2708 Iris Road NE  
Persona de Contacto: Sr. Tommy Mora  
Director de Obras Públicas  
Teléfono: 505.771.8500

2. **Fecha Prevista de Puesta en Marcha y Horario de Funcionamiento Planificado:**  
El SCLF es propiedad pública y es operado por el Condado de Sandoval (el "Condado"). El SCLF es un vertedero de residuos sólidos existente y ha estado en funcionamiento desde principios de los setenta. Funciona conforme a sus Permisos vigentes del NMED para Vertedero de Residuos Sólidos, SWM-050304 y SWM-050304 (SP), emitidos por el NMED el 17 de junio de 2005. El horario actual de funcionamiento del SCLF es de 8:00 a.m. a 4:00 p.m., de lunes a sábado. El SCLF puede funcionar fuera del horario de funcionamiento programado para dar lugar a la preparación del sitio, en caso de malas condiciones climáticas, para la aplicación de cobertura, para proyectos especiales, para la construcción de infraestructura, para las operaciones/proyectos internos; para el mantenimiento, para el monitoreo y para otras circunstancias especiales. Si se aprueba, posiblemente las operaciones continúen conforme a la Modificación del Permiso comenzarán en 2016; y la Renovación del Permiso autorizará la operación continua por veinte (20) años más.

3. **Descripción del Vertedero:**
  - a. **Proceso General:** El SCLF recibe los residuos sólidos:municipales (MSW), que incluyen escombros de construcción y demolición (C&D) de los transportistas comerciales y del público. Los desechos sólidos se colocan y compactan en las celdas que son servidas por sistemas de control ambiental (es decir, revestimientos compuestos y sistemas de recolección de lixiviados, controles de gestión de aguas pluviales, monitoreo de aguas subterráneas, monitoreo de los gases de vertedero, etc.). Al final de cada jornada de trabajo, la fase de funcionamiento se cubre con un mínimo de seis (6) pulgadas de tierra o con una cubierta diaria alternativa aprobada por el NMED. Otras infraestructuras del servicio público dentro de los límites del SCLF incluyen: el Complejo de Obras Públicas del Condado de Sandoval, el Centro de Operaciones del Relleno Sanitario, el Centro de Conveniencia (es decir, de transferencias de MSW y entregas de reciclables del público), el Centro de Reciclaje (operado conjuntamente por el Condado y la ciudad de Rio Rancho), la Oficina de Compostaje y Operaciones (que incluye digestores, pilas de materias primas, y pilas de curado), y otra infraestructura de soporte (por ejemplo, cobertizos de almacenamiento, cercas de seguridad y puertas de bloqueo, etc.).
  - b. **Ubicación:** El SCLF está ubicado en 2708 Iris Road NE en Rio Rancho, Nuevo México (NM), dentro de porciones de las Secciones 33 y 34, del Distrito Municipal 13 al norte, Rango 3 al Este del Meridiano de Origen de Nuevo México, Condado de Sandoval, NM.
  - c. **Tamaño:** El área que ocupa el "vertedero de residuos sólidos" (20.9.2.7.S(11) NMAC) del SCLF comprende aproximadamente 178.3 acres de tierra; y el "área de eliminación de desechos sólidos" del SCLF (20.9.2.7.S(10) NMAC) ocupa aproximadamente 122.5 acres de los cerca de 178.3 acres del área que ocupa vertedero de residuos sólidos.
  - d. **Cantidades y Proporción de Residuos Sólidos:** El SCLF recibe un promedio aproximado de 400 toneladas de residuos sólidos por día (v/día), y podrá recibir más o menos desechos sólidos dependiendo de las condiciones de mercado. El Condado solicita la aprobación del NMED para continuar aceptando los siguientes dos desechos especiales no peligrosos: suelos contaminados con petróleo (PCS) y lodos, en el SCLF. El Condado prevé la recepción de desechos hasta de 5000 (cinco mil) toneladas por año (v/año) de PCS; y la recepción de desechos de 3000 (tres mil) v/año de desechos de lodo. Es posible que las cantidades y proporciones aumenten en el futuro cuando la demanda aumente en respuesta al crecimiento de la población y con los proyectos de desarrollo regional. La recepción de desechos especiales se ha concebido como servicio público para proyectos del Condado.
  - e. **Tipos de Desechos Sólidos:** El SCLF tiene permiso para aceptar MSW que incluyen desechos de construcción y demolición (C&D) y llantas, así como reciclables seleccionados que incluyen residuos peligrosos del hogar. Adicionalmente, el Condado solicita aprobación del NMED para continuar aceptando los siguientes dos desechos especiales no peligrosos: PCS y lodos.
  - f. **Descripción de la Modificación:** La modificación del Permiso se solicita para una expansión lateral y vertical de los límites del botadero de residuos sólidos para incluir una nueva Unidad IV de área de botadero que se superpone a las Unidades I, II y III e incluye una parte de la servidumbre para servicios públicos de la antigua Compañía de Servicios Públicos de Nuevo México (PNM). Una vez aprobada, la modificación tendrá como resultado un área de botadero de aproximadamente 122.5 acres (es decir, una expansión de 10 acres). Sin embargo, no habrá cambios a los límites de aproximadamente 178.3 acres del vertedero de desechos sólidos existente.
4. **Origen Previsto de los Desechos:** Los residuos sólidos y los materiales reciclables proceden principalmente del Condado de Sandoval, el Condado de Santa Fe, el Condado de Bernalillo, y varios pueblos cercanos, pero también pueden provenir de fuera de esta región. Además, se prevé que los desechos especiales aprobados provendrán de esta región, pero también serán entregados desde fuera de esta zona de servicio.
5. **Revisión del Permiso:** La Revisión del Permiso, incluida en la Solicitud de Renovación y Modificación del Permiso, provee la información requerida por 20.9.3.24 NMAC para la revisión del permiso (es decir, 10 años), que incluye información sobre operaciones del vertedero, historial de cumplimiento, resultados de monitoreos ambientales, cambios de la información de los formularios de divulgación, garantía financiera, y una descripción de todo comportamiento o incidente de la naturaleza descrita en la Subsección B de la Ley de Desechos Sólidos 74-9-24.
6. **Comentarios:** Las preguntas o los comentarios con respecto a la Solicitud del Permiso deben dirigirse al señor Tommy Mora, Director de Obras Públicas a la dirección proporcionada en la sección 1 de este Aviso y al NMED a la siguiente dirección:

Sr. George Schuman  
Gerente, Sección de Permisos

2. Anticipated Start-Up Date and Planned Hours of Operation:

SCLF is publicly owned and operated by Sandoval County (the "County"). SCLF is an existing solid waste facility that has been in operation since the early 1970s. It is operating pursuant to its current NMED Solid Waste Facility Permits, SWM-050304 and SWM-050304 (SP), issued by NMED on 06/17/2005. Current operating hours for SCLF are from 8:00 a.m. to 4:00 p.m., Monday through Saturday. SCLF may operate outside of scheduled operating hours to accommodate site preparation, inclement weather conditions, cover application, special projects, infrastructure construction, internal operation/projects, maintenance, monitoring and other special circumstances. If approved, ongoing operations pursuant to the Permit Modification would likely begin in 2016; and the Permit Renewal will authorize continued operation for 20 more years.

3. Description of the Facility:

- a. General Process. SCLF receives municipal solid waste (MSW) including construction and demolition debris (C&D) from commercial haulers and the public. Solid waste is placed and compacted in lined landfill cells that are served by environmental control systems (i.e., composite liners and leachate collection systems, stormwater management controls, groundwater monitoring, landfill gas monitoring, etc.). At the end of each working day, the working face is covered with a minimum of six (6) inches of soil or an NMED-approved alternative daily cover. Other public service infrastructure within the SCLF site boundary includes: the Sandoval County Public Works Complex, the Landfill Operations Center, Convenience Center (i.e., public MSW transfer and recyclables deliveries), Recycling Center (jointly operated by the County and the City of Rio Rancho), Composting Office and Operations (including digesters, feedstock piles, and curing piles), and other supporting infrastructure (e.g., storage sheds, security fencing and locking gates, etc.).
- b. Location. SCLF is located at 2708 Iris Road NE in Rio Rancho, New Mexico (NM), within portions of Sections 33 and 34, Township 13 North, Range 3 East of the New Mexico Prime Meridian, Sandoval

County, NM.

- c. Size. The SCLF “solid waste facility” (20.9.2.7.S(11) NMAC) footprint encompasses approximately 178.3 acres  $\pm$  of land; and the SCLF “solid waste disposal area” (20.9.2.7.S(10) NMAC) occupies approximately 122.5 acres  $\pm$  of the 178.3 acre  $\pm$  solid waste facility footprint.
  - d. Quantities and Rate of Solid Waste. SCLF receives an average of approximately 400 tons  $\pm$  of solid waste per day (tpd), and may receive more or less solid waste depending upon market conditions. The County is seeking NMED approval to continue to accept the following two non-hazardous special wastes: petroleum contaminated soils (PCS) and sludge, at SCLF. The County anticipates waste receipts up to approximately 5,000 tons per year (tpy) of PCS; and receipts up to approximately 3,000 tpy of sludge waste. Quantities and rates may increase in the future as demand increases in response to population increases and with regional development projects. These special waste receipts are intended as a public service for County projects.
  - e. Types of Solid Waste. SCLF is permitted to accept MSW including C&D and tires, and select recyclables including household hazardous waste. In addition, the County is seeking NMED approval to continue to accept the following two non-hazardous special wastes: PCS and sludge.
  - f. Description of the Modification. Permit modification is sought for a lateral and vertical expansion of the solid waste disposal boundary to include a new Unit IV disposal area which will overlap Units I, II, and III and include a portion of the former Public Service Company of New Mexico (PNM) utilities easement. Once approved, the modification will result in a 122.5-acre  $\pm$  disposal area (i.e., a 10-acre expansion), however there will be no changes to the existing 178.3-acre  $\pm$  solid waste facility boundary.
4. Anticipated Origin of Waste: Solid waste and recyclables originate primarily from Sandoval County, Santa Fe County, Bernalillo County, and several nearby Pueblos, but may originate from outside of this region. In addition, it is anticipated that approved special wastes will also originate from this region, but may also be delivered from outside of this service area.
  5. Permit Review: The Permit Review, included in the Application for Permit Renewal and Modification, provides the information required by 20.9.3.24 NMAC for a permit review (i.e, 10-year), including information on facility operations, compliance history, environmental monitoring results, changes in information from the disclosure forms, financial assurance, and a description of any behavior or incidents of the nature described in Subsection B of 74-9-24 of the Solid Waste Act.
  6. Comments: Questions or comments regarding the Application, including the request for Permit Review, should be directed to Mr. Tommy Mora, Director of Public Works, at the address provided in Section 1 of this Notice and to NMED at the following address:

INCLUYE LA REVISIÓN DEL PERMISO, PARA EL VERTEDERO DEL CONDADO DE SANDOVAL,  
CONDADO DE SANDOVAL, NM**

De conformidad con la sección 22 de la Ley de Residuos Sólidos de Nuevo México (NM) (Sección 74-9-22 NMSA 1978) y 20.9.3.8 G y 20.9.3.24 NMAC (Reglamento de Residuos Sólidos de NM), se avisa por la presente al público y a otros individuos y entidades afectados que el Condado de Sandoval, dueño y operador del Vertedero del Condado de Sandoval (Sandoval County Landfill, SCLF), ha radicado una Solicitud ante la Oficina de Residuos Sólidos (SWB) del Departamento de Medio Ambiente de Nuevo México (NMED) para renovar y modificar el permiso del vertedero de residuos sólidos para el SCLF y solicitar la revisión del permiso por el NMED. La Solicitud, que incluye la Revisión del Permiso, podrá examinarse en el SCLF como se indica en la Sección 1, y en las direcciones del NMED como se indican en la Sección 6 de este Aviso. La información pertinente requerida por la Ley y el Reglamento es la siguiente.

1. Nombre, Dirección y Número de Teléfono del Solicitante y de la Persona de Contacto:

Solicitante/Propietario del SCLF:

Condado de Sandoval  
711 Camino del Pueblo  
Bernalillo, NM 87004

Persona de Contacto: Sr. Phillip Rios  
Gerente del Condado de Sandoval  
Teléfono: 505.867.7538

Operador del SCLF:

Departamento de Obras Públicas del Condado de Sandoval  
2708 Iris Road NE  
Rio Rancho, NM 87124

Persona de Contacto: Sr. Tommy Mora  
Director de Obras Públicas  
Teléfono: 505.771.8500

2. Fecha Prevista de Puesta en Marcha y Horario de Funcionamiento Planificado:

El SCLF es propiedad pública y es operado por el Condado de Sandoval (el "Condado"). El SCLF es un vertedero de residuos sólidos existente y ha estado en funcionamiento desde principios de los setenta. Funciona conforme a sus Permisos vigentes del NMED para Vertedero de Residuos Sólidos, SWM-050304 y SWM-050304 (SP), emitidos por el NMED el 17 de junio de 2005. El horario actual de funcionamiento del SCLF es de 8:00 a.m. a 4:00 p.m., de lunes a sábado. El SCLF puede funcionar fuera del horario de funcionamiento programado para dar lugar a la preparación del sitio, en caso de malas condiciones climáticas, para la aplicación de cobertura, para proyectos especiales, para la construcción de infraestructura, para las operaciones/proyectos internos; para el mantenimiento, para el monitoreo y para otras circunstancias especiales. Si se aprueba, posiblemente las operaciones continuas conforme a la Modificación del Permiso comenzarán en 2016; y la Renovación del Permiso autorizará la operación continua por veinte (20) años más.

3. Descripción del Vertedero:

- a. Proceso General. El SCLF recibe los residuos sólidos municipales (MSW), que incluyen escombros de construcción y demoliciones (C&D) de los transportistas comerciales y del público. Los desechos sólidos se colocan y compactan en las celdas que son servidas por sistemas de control ambiental (es decir, revestimientos compuestos y sistemas de recolección de lixiviados, controles de gestión de aguas pluviales, monitoreo de aguas subterráneas, monitoreo de los gases de vertedero, etc.). Al final de cada jornada de trabajo, la fase de funcionamiento se cubre con un mínimo de seis (6) pulgadas de tierra o con una cubierta diaria alternativa aprobada por el NMED. Otras infraestructuras del servicio público dentro de los límites del SCLF incluyen: el Complejo de Obras Públicas del Condado de Sandoval, el Centro de Operaciones del Relleno Sanitario, el Centro de Conveniencia (es decir, de transferencias de MSW y entregas de reciclables del público), el Centro de Reciclaje (operado conjuntamente por el Condado y la ciudad de Rio Rancho), la Oficina de Compostaje y Operaciones (que incluye digestores, pilas de materias primas, y pilas de curado), y otra infraestructura de soporte (por ejemplo, cobertizos de almacenamiento, cercas de seguridad y puertas de bloqueo, etc.).
- b. Ubicación. El SCLF está ubicado en 2708 Iris Road NE en Rio Rancho, Nuevo México (NM), dentro de porciones de las Secciones 33 y 34, del Distrito Municipal 13 al norte, Rango 3 al Este del Meridiano de Origen de Nuevo México, Condado de Sandoval, NM.
- c. Tamaño. El área que ocupa el "vertedero de residuos sólidos" (20.9.2.7.S(11) NMAC) del SCLF comprende

aproximadamente 178,3 acres de tierra; y el "área de eliminación de desechos sólidos" del SCLF (20.9.2.7.S(10) NMAC) ocupa aproximadamente 122,5 acres de los cerca de 178,3 acres del área que ocupa vertedero de residuos sólidos.

- d. Cantidades y Proporción de Residuos Sólidos. El SCLF recibe un promedio aproximado de 400 toneladas de residuos sólidos por día (t/día), y podrá recibir más o menos desechos sólidos dependiendo de las condiciones de mercado. El Condado solicita la aprobación del NMED para continuar aceptando los siguientes dos desechos especiales no peligrosos: suelos contaminados con petróleo (PCS) y lodos, en el SCLF. El Condado prevé la recepción de desechos hasta de 5000 (cinco mil) toneladas por año (t/año) de PCS; y la recepción de desechos de 3000 (tres mil) t/año de desechos de lodo. Es posible que las cantidades y proporciones aumenten en el futuro cuando la demanda aumente en respuesta al crecimiento de la población y con los proyectos de desarrollo regional. La recepción de desechos especiales se ha concebido como servicio público para proyectos del Condado.
  - e. Tipos de Desechos Sólidos. El SCLF tiene permiso para aceptar MSW que incluyen desechos de construcción y demolición (C&D) y llantas, así como reciclables seleccionados que incluyen residuos peligrosos del hogar. Adicionalmente, el Condado solicita aprobación del NMED para continuar aceptando los siguientes dos desechos especiales no peligrosos: PCS y lodos.
  - f. Descripción de la Modificación. La modificación del Permiso se solicita para una expansión lateral y vertical de los límites del botadero de residuos sólidos para incluir una nueva Unidad IV de área de botadero que se superpone a las Unidades I, II y III e incluye una parte de la servidumbre para servicios públicos de la antigua Compañía de Servicios Públicos de Nuevo México (PNM). Una vez aprobada, la modificación tendrá como resultado un área de botadero de aproximadamente 122,5 acres (es decir, una expansión de 10 acres). Sin embargo, no habrá cambios a los límites de aproximadamente 178,3 acres del vertedero de desechos sólidos existente.
4. Origen Previsto de los Desechos: Los residuos sólidos y los materiales reciclables proceden principalmente del Condado de Sandoval, el Condado de Santa Fe, el Condado de Bernalillo, y varios pueblos cercanos, pero también pueden provenir de fuera de esta región. Además, se prevé que los desechos especiales aprobados provendrán de esta región, pero también serán entregados desde fuera de esta zona de servicio.
  5. Revisión del Permiso: La Revisión del Permiso, incluida en la Solicitud de Renovación y Modificación del Permiso, provee la información requerida por 20.9.3.24 NMAC para la revisión del permiso (es decir, 10 años), que incluye información sobre operaciones del vertedero, historial de cumplimiento, resultados de monitoreos ambientales, cambios de la información de los formularios de divulgación, garantía financiera, y una descripción de todo comportamiento o incidente de la naturaleza descrita en la Subsección B de la Ley de Desechos Sólidos 74-9-24.
  6. Comentarios: Las preguntas o los comentarios con respecto a la Solicitud del Permiso deben dirigirse al señor Tommy Mora, Director de Obras Públicas a la dirección proporcionada en la sección 1 de este Aviso y al NMED a la siguiente dirección:

## MAIN DISCLOSURE FORM

---

*In accordance with the Solid Waste Act (NMSA 1978, Sec. 74-9-21.A) and New Mexico Solid Waste Management Rules (20.9.3.8.C.3 NMAC), applicants for solid waste facility permits are required to file a disclosure statement with the information required by the Environment Department. Information provided will be used by the Department of Public Safety to conduct background investigations on key employees of the permit holder. The purpose of such investigations is to ensure that solid waste facility operations will not be subject to criminal influence or disposal of unauthorized hazardous wastes. All information provided or obtained in the course of the investigation will remain confidential unless ordered otherwise by a court of competent jurisdiction. Questions regarding this form may be directed to the Program Manager, Permit Section, Solid Waste Bureau, 505-827-2328.*

## MAIN DISCLOSURE FORM

### INSTRUCTIONS

1. Every applicant for or holder of a New Mexico Environment Department Solid Waste Facility Permit, must complete this form.
2. All questions must be answered completely and truthfully. All information requested is material and essential, failure to provide any of the information requested in this form may constitute grounds for denial or revocation of a permit. Answer every question completely, and do not leave any blank spaces. If a question does not apply, enter "Not Applicable" or "N/A" in the space provided. If there is nothing to disclose in answer to a particular question, enter "None" in the space provided. If the answer to a question in this form is identical to an answer given in a previous question, you may answer the later question by writing, "Same as \_\_\_\_." For example, if the answer in question 3 is the same as the answer in question 2, you may answer question 3 by writing, "Same as 2."

### WARNING

FRAUDULENT, DECEPTIVE OR MISLEADING ANSWERS ON DISCLOSURE STATEMENTS MAY RESULT IN THE DENIAL OR REVOCATION OF A PERMIT. ANY PERSON WHO FAILS TO DISCLOSE OR WHO MAKES FALSE OR MISLEADING STATEMENTS ON THIS FORM MAY BE SUBJECT TO FELONY CRIMINAL PROSECUTION.

Be especially careful not to leave out information in a way that might create an impression that you are trying to hide it. For example, a minor criminal conviction may not disqualify you or your company from being permitted -- but attempting to conceal the conviction may lead to a finding of untrustworthiness, and result in denial of the applicable. Omitting such information from this form, even unintentionally, may result in denial. Even if the question is resolved in your favor, an application may be delayed while the inquiry goes forward.

3. Please type or print all responses. If necessary, continue answers on a separate page, making sure to properly identify the question number and, if applicable, the employee to whom the answer applies. When you have finished answering all questions, and have attached all additional pages, consecutively number each page at the top right corner -- including the additional pages.
4. If you are required or wish to submit any document in connection with your answer to any question, refer to it in your answer as, "Exhibit No. \_\_\_\_", and attach it at the end of the form.
5. The information required to be submitted in the disclosure statement is intended to be the information necessary to begin the background investigation required by the Solid Waste Act. In limiting the scope of information required to be included in the disclosure statement, it is expressly contemplated that in individual investigations the Department of Public Safety may have reason to believe that the authority contained in the Solid Waste Act and procedures

adopted by the Secretary of the Environment Department should be employed to review additional information.

6. Notice required under Section 7(b) of the Federal Privacy Act of 1974. Under Section 7(b) of the 1974 Privacy Act, 5 U.S.C. Sec. 552a(note), any government agency which requests an individual to disclose his Social Security account number must inform that individual whether the disclosure is mandatory or voluntary, by what statutory or other authority such number is solicited, and what uses will be made of it.

The New Mexico Environment Department, in cooperation with the New Mexico Department of Public Safety, is authorized to require information from solid waste permit applicants pursuant to the Solid Waste Act, Sec. 74-9-21, NMSA. The Social Security number is used as a secondary identifier by the New Mexico Department of Public Safety when it conducts background investigations, when the Department of Public Safety conduct checks of criminal history records maintained by the State and federal governments, and as a cross-check against motor vehicle records. In specific investigations which may involve examination of particular records obtained from outside sources, the Social Security number might be used to determine whether the individual named in the record and the individual under investigation are the same or different persons.

The listing of Social Security numbers on the disclosure form is voluntary. Under Section 7(a) of the Privacy Act, the Division cannot deny or revoke a license or impose any penalty because of an individual's refusal to disclose a Social Security number. However, the absence of a Social Security number as a secondary identifier may delay processing of, and decisions on permitting because of the additional investigative time and the unavoidable possibility that the absence of a Social Security number may result in the initial identification of an individual as having a criminal record which actually is that of another person. That also may result in delay in the decision on licensing required by the Solid Waste Act.

*In accordance with the Solid Waste Act (NMSA 1978, Sec. 74-9-21.A) and New Mexico Solid Waste Management Rules (20.9.3.8.C.3 NMAC), applicants for solid waste facility permits are required to file a disclosure statement with the information required by the Environment Department. Information provided will be used by the Department of Public Safety to conduct background investigations on key employees of the permit holder. The purpose of such investigations is to insure that solid waste facility operations will not be subject to criminal influence or disposal of unauthorized hazardous wastes. All information provided or obtained in the course of the investigation will remain confidential unless ordered otherwise by a court of competent jurisdiction. Questions regarding this form may be directed to the Program Manager, Permit Section, Solid Waste Bureau, 505-827-2328.*

### INSTRUCTIONS

REVISION :  
3/18/11

CONFIDENTIAL  
WHEN COMPLETED

1. Every applicant for or holder of a New Mexico Environment Department Solid Waste Facility Permit that is a local, state or federal government entity, or a cooperative association of such entities, must complete this form.
2. All questions must be answered completely and truthfully. All information requested is material and essential, failure to provide any of the information requested in this form may constitute grounds for denial or revocation of a permit. Answer every question completely, and do not leave any blank spaces. If a question does not apply, enter "Not Applicable" or "N/A" in the space provided. If there is nothing to disclose in answer to a particular question, enter "None" in the space provided. If the answer to a question in this form is identical to an answer given in a previous question, you may answer the later question by writing, "Same as \_\_\_\_." For example, if the answer in question 3 is the same as the answer in question 2, you may answer question 3 by writing, "Same as 2."

#### WARNING

FRAUDULENT, DECEPTIVE OR MISLEADING ANSWERS ON DISCLOSURE STATEMENTS MAY RESULT IN THE DENIAL OR REVOCATION OF A PERMIT. ANY PERSON WHO FAILS TO DISCLOSE OR WHO MAKES FALSE OR MISLEADING STATEMENTS ON THIS FORM MAY BE SUBJECT TO FELONY CRIMINAL PROSECUTION.

Be especially careful not to leave out information in a way that might create an impression that you are trying to hide it. For example, a minor criminal conviction may not disqualify you or your company from being permitted -- but attempting to conceal the conviction may lead to a finding of untrustworthiness, and result in denial of the applicable. Omitting such information from this form, even unintentionally, may result in denial. Even if the question is resolved in your favor, an application may be delayed while the inquiry goes forward.

3. Please type or print all responses. If necessary, continue answers on a separate page, making sure to properly identify the question number and, if applicable, the employee to whom the answer applies. When you have finished answering all questions, and have attached all additional pages, consecutively number each page at the top right corner -- including the additional pages.
4. If you are required or wish to submit any document in connection with your answer to any question, refer to it in your answer as, "Exhibit No. \_\_\_\_", and attach it at the end of the form.
5. The information required to be submitted in the disclosure statement is intended to be the information necessary to begin the background investigation required by the Solid Waste Act. In limiting the scope of information required to be included in the disclosure statement, it is expressly contemplated that in individual investigations the Department of Public Safety may have reason to believe that the authority contained in the Solid Waste Act and procedures adopted by the Secretary of the Environment Department should be employed to review additional information.
6. Notice required under Section 7(b) of the Federal Privacy Act of 1974. Under Section 7(b) of the Privacy Act of 1974, 5 U.S.C. Section 552A, any government agency which requests and individual to disclose his Social Security account number must inform that individual whether the disclosure is mandatory or voluntary, by what statutory or other authority such number is solicited, and what uses will be made of it.  
The New Mexico Environment Department, in cooperation with the New Mexico Department of Public Safety, is authorized to require information from solid waste permit applicants pursuant to the Solid Waste Act, Sec. 74-9-21, NMSA. The Social Security number is used as a secondary identifier by the New Mexico Department of Public Safety when it conducts background investigations and checks criminal history records maintained by the State and federal government. In specific investigations which may involve examination of particular records obtained from outside sources, the Social Security number may be used to determine whether the individual named in the records is the same individual under investigation.  
The listing of Social Security numbers on the disclosure form is voluntary. Under Section 7(a) of the Privacy Act, the Environment Department cannot deny or revoke a license or impose any penalty because of the individual's refusal to disclose a Social Security number. However, the absence of a Social Security number as a secondary identifier may delay processing and approval of permit applications due to the additional investigative time the absence of a Social Security number may cause.

Mr. George Schuman  
Manager, Permit Section  
NMED – Solid Waste Bureau  
P.O. Box 5469  
Santa Fe, NM 87502-5469

Dear Mr. Schuman:

As you know, Sandoval County (the "County") is seeking a Permit Renewal and Modification, including a Permit Review of its Solid Waste Facility Permit for the Sandoval County Landfill (SCLF). Pursuant to the requirements for a Permit Review (20.9.3.24 NMAC) and a Permit Renewal (20.9.3.25 NMAC), the County is required to furnish information regarding any behavior or incidents of the nature described in Subsection B of 74-9-24 of the Solid Waste Act. Subsection B of 74-9-24 states:

*B. The director may deny any permit application or revoke a permit if he has reasonable cause to believe that any person required to be listed on the application pursuant to Section 74-9-20 NMSA 1978 has:*

- (1) knowingly misrepresented a material fact in application for a permit;*
- (2) refused to disclose or failed to disclose the information required under the provisions of Section 74-9-21 NMSA 1978;*
- (3) been convicted of a felony or other crime involving moral turpitude within ten years immediately preceding the date of the submission of the permit application;*
- (4) been convicted of a felony, within ten years immediately preceding the date of the submission of the permit application, in any court for any crime defined by state or federal statutes as involving or being restraint of trade, price-fixing, bribery or fraud;*
- (5) exhibited a history of willful disregard for environmental laws of any state or the United States; or*
- (6) had any permit revoked or permanently suspended for cause under the environmental laws of any state or the United States.*
