Comments:

Good evening Sandoval County Commissioners: I am concerned about the integrity of our voting process. There have been many instances where facts support many suspect occurrences. In addition, there have been thousands of sworn affidavits by those who witnessed wrongdoing. My question to you is how do you propose to reinstate credibility to the voting process? It seems to me that getting rid of suspicious machines and practices would be a step in the right direction. I have seen this body take steps to support our rights in the past. You have courage. Thank you. Elaine Manicke
