Comments:

The Republicans on the Commission are acting like a bunch of Commies spreading misinformation and lies about the election processes in New Mexico. They are purposely trying to undermine our democracy. They are misinformed, ill-informed and uninformed about the election processes in the state and therefore dangerous. They need to immediately stop this disinformation campaign and pay attention to the recent report released on election integrity by the New Mexico Secretary of State. These right-wing nuts are dangerous to the American way of life. Their attempt to subvert our country's history of free and fair elections must not stand!
