**Comments:**

A few CORRECT answers to some important questions.

**WHO CAN VOTE?**

You must be registered in order to vote. Every person who registers to vote in New Mexico must attest that they are a citizen of the U.S. and a resident of New Mexico and must provide voter identification

**WHO CAN TELL WHO I VOTED FOR?**

No one, not even election officials, can tell who you voted for in an election. Secret ballots are a cornerstone of democracy and are guaranteed in all 50 states, including New Mexico. All ballot choices are secret, though party affiliation and which elections an individual voted in are not.

And there are so many more MIS-INFORMED rumors. Let's get real, people! and move on. Our county has bigger issues to face. Examples: school children without sufficient food at home, draught, the homeless, school safety, to name only a few.  
Thank you.
