**Comments:**

The draft Ordinance to ban feeding of certain wildlife in Sandoval County states, in Section 14-42, that it shall be unlawful to feed wildlife within 500 feet of any dwelling or county road. In my case, and many cases as well, this essentially cedes control of my personal property and real estate to Sandoval County. As proposed, the government would control my use and enjoyment of my own lawful property, without my consent.

As proposed this would be an egregious example of government overreach, and an invitation to lawsuits.
