**Subject:** Questions regarding proposed Ordinance

Commissioner Heil,

I am confused by the wording of the proposed ordinance. I own 4 horses that I keep in a fenced 4 acre lot near a county road and I have a block of salt out for them. If a deer jumps the fence to get at the salt block does this mean that I can be arrested and imprisoned?! If this passes would I be required to obtain a permit to feed my own horses on my own property because it is near a road? Who will issue the permits? Please oppose this ordinance.

Thank you for your service to our community.

Respectfully, Christine Miller
