Comments:

I want to voice my support of the ordinance to ban the feeding of wildlife. We have had several close calls on the road and it is only a matter of time before someone in our family is involved in an accident with these horses. The ban on feeding will not outright stop them from being present on the road but I do believe that their daily habits of traveling to certain residences will be greatly reduced and therefore will reduce the amount of time they are on the roads.

As much as I hope you consider my input, I really believe this should be determined by a professional ecologist/biologist who can determine what is best for the overall health of our landscape in Placitas.

Thank you,
Mandee Lamoreux
