**Comments:**

I drive the speed limit on Placitas Rd's 165, Tecolote, San Francisco and Rosa Castilla twice daily. Very few drivers are going the speed limits.  
Crossing over the yellow lines to pass me, tailgating and reckless driving on 165 and Tecolote is a common occurrence. There are bicyclists, joggers and walkers on all these roads. They are constantly in danger especially on the curves. There are very few occasions that I see horses on these roads, but they are being blamed for the few incidents on record rather than the irresponsible drivers.  
Lowering the speed limits on 165 and dramatically increasing the fines (with alert signs as a reminder on all roads) and the speed cameras would slow drivers on all these roads. The fines received would help pay for these improvements. Don't wait until a child or anyone on the these roads are killed.  
If these changes are implemented, the wildlife and horses are also in less danger of being a victim of human carelessness.
