**Subject: Feeding Ordinance**

---

I am adamantly opposed to this new draft of the feeding ordinance.

1. It eliminates most possibilities for community maintained feeding stations which I and others were planning.
2. Parts of Camino Redondo Road (heavily traveled & full of blind curves) are within the feeding buffer.
3. It lures the horses to BLM and open space where they can be rounded up. This would result in many more horses being killed than are killed on the roads.

Sincerely

Lauri Jaramillo

77 Aspen Road

Placitas, NM 87043
