Comments:

It feels like the County Commissioners are simply ignoring the widespread questions and strong objections of the group most affected: residents of Placitas. Ordinance 3-22-23.10 pretends to be about horse welfare. It is not. It does not address the more serious problem of speeding. It instead criminalized residents who are truly concerned with the welfare of the horses. I also question how this will be enforced. If there is such an abundance of county law enforcement, why aren't they holding speeders accountable? I really resent the disingenuous reasons put forth to justify this ordinance.
