Comments:

I've lived in Placitas for 42 years. There were no horses wandering on 165 in the 80's. Or in the 90's. In the last two decades they have crossed 165 and many have been killed by cars. Many people have been injured. I believe the proposed ordinance banning feeding of these animals by the public is a step in the right direction to move them north of the highway and out of harms way. I encourage the Commission to approve the ordinance
