Comments:

Are you addressing the increase in homelessness in Rio rancho, Sandoval co? I live in an apartment off of Corrales rd. I'm 69 Yrs old and spend most of my money shopping in Rio Rancho. There is a homeless camp near the apartment. This morning someone was digging in the garbage. The county and city need to speak to the Mayor to help provide mental health care, provide housing, to get these people off the street and get them, healthy and able to live and provide for themselves. Talk to the Albuquerque Mayor please, he has done some good things. What are you doing.? Housing Authorities need to get involved. You have a lot of empty buildings that could be used for Domestic Violence shelters to help family's have a safe place to go. All you have is Haven House . They're fantastic but unfortunately the only Domestic Violence shelter available. Through experience always full and overwhelmed. So where does someone go who can't go home. It's not just drugs that causes homelessness. So again the question is, What are you doing to correct these issues? It will get worse if one ignores the seriousness of the problems that have increased in Rio Rancho.
