

Placitas Herd Quarter 3 2023

- ▣ Placitas Herd Survey
167 horses roaming in 22 bands

- ▣ Immunocontraception
74 PZP treatments administered to date in 2023

- ▣ Two foals born in 2023 observed to date, representing a 90% decrease over the pre-treatment foaling number
 - as the Placitas herd has an extended breeding season, additional mares may foal later in 2023
