Comments:

I am so disappointed in our planning and zoning commission after watching their meeting tonight. Why are they pushing back against solar and battery storage located in the middle of the mesa?!? I live against the mesa in Northern Meadows and have land a block or two away from PNM's Encino Solar site where I hope to live someday (we really need water and sewer out there!). Part of the appeal is having a quiet solar site near by -- no speeding trucks, loud dirt bikes or quads, or kids getting drunk on the mesa. Plus, I'm sure the county could use the boost in property taxes as they can't be making much off of thousands of vacant lots. The P&Z commission is not doing the county or Rio Rancho any favors by halting development. Ridiculous!
