Comments:

Please consider this communication as one of the 25 required written voter petitions for a recheck and comparison (i.e., an investigation) in regard to the November 7, 2023 local election. I have grave concerns that the buck is being passed wherein the County Canvassing Board does not intend to follow the lawful protocol requiring an official canvass of elections, upon request, under the weak guise that "the County Canvassing Board doesn't have the power to question or investigate." You can do this! And you do NOT have to certify the results of the election if there is any question as to their authenticity. Please step up on behalf of the people of Sandoval County and do the right thing.

Many thanks in advance,

Jane Weaver
