Comments:

The composition of the Sandoval County Library Board as proposed is inherently unfair and biased. I would even go so far as to say it is discriminatory since there is no designated representation for Tribal or rural libraries in Sandoval County. As written, those libraries and constituents are at the mercy of Commissioner appointments while others have guaranteed urban representation. There are an equal number of Tribal and rural libraries in Sandoval County as there are to urban libraries and there has to be guaranteed representation on the Library Board to ensure that resources are distributed in a fair and equitable manner. Thank you for your consideration but this oversight needs to be fixed before the proposal is adopted.
