Subject: Proposed change from residential to commercial in Placitas on Tecolote and Rosa Castilla roads

Hello,

I just spoke to someone at your department about the huge concerns neighbors in this area have for a proposed change from residential to commercial zoning for the purpose of a gravel mine at the intersection of the Tecolote and Rosa Castilla roads in Placitas.

The area residents are just beginning to be informed about this request and there will surely be a large contingent of people at the next P & Z meeting on the 10th to express their objections.

I hope there will not be approval for this zoning change which would be outrageous for this residential area for many reasons... especially considering the proposed purpose for the change.

Thank you,
Daisy Kates
